Background:

The International Republican Institute (IRI) is a nonprofit, nonpartisan, organization dedicated to advancing freedom and democracy worldwide. Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

IRI currently works with municipal councils to bridge the divide between communities and municipal elected officials, while mitigating the effects of the population's distrust of Libya's fragile central government. To support this, IRI has assisted the Libyan Ministry of Local Ministry of Local Government (MLG) to develop its own capacity to support nascent municipal councils. However, given the political division at the national level, which has begun to affect the MLG's operation, IRI has focused its efforts on directly supporting the municipal councils through training and consultation. Additionally, IRI supports the political engagement of Libyan youth in democratic governance by providing them the necessary skills and opportunities to effectively communicate with local leaders to achieve common goals.
