### Background

The International Republican Institute (IRI) is a nonprofit, nonpartisan, organization dedicated to advancing freedom and democracy worldwide. Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

The International Republican Institute (IRI) is an international non-governmental organization with a national office in Abuja, Nigeria. IRI will observe the gubernatorial and State Assembly elections scheduled for March 2, 2019 as part of a joint International Election Observation Mission (IEOM) with the National Democratic Institute. The mission will require security for the delegates and support staff who will deploy to States to observe elections. The team of observers and staff will return to Abuja or their home state after the March 2<sup>nd</sup> elections. Therefore, IRI needs a security advisor to coordinate daily security logistics and to advise on responding to evolving security needs for the IEOM between February 23 and March 5, 2019

### Period of Performance

February 23 – March 5, 2019

### Statement of Work

The security advisor will be based in Abuja from February 23 to March 5, 2019 and will serve as the lead security liaison for the IEOM in Abuja. Specific tasks include:

- Coordination with IRI's existing security and logistics contractors;
- Coordination with the IEOM's in-house security advisors based in Washington, D.C. and London;
- Supporting security aspects of logistics for the IEOM leadership team in Abuja and the teams deployed in the States (in coordination with IRI's existing security and logistics contractors;) and

- Briefing the IEOM delegation on security prior to deployment.

**Technical Proposals**

All proposals submitted to IRI must include:

1. Information addressing Bidder’s experience in providing each of the services identified in the above Statement of Work and Bidder’s proposed specific approach for providing those services to IRI under this contract, including sufficient information to determine a clear definition of services as it relates to other providers that may be involved.
2. The name, address, and telephone and facsimile numbers of the Bidder (and electronic address if available). If the Bidder is a firm, name(s) should be provided for individuals authorized to conduct business on behalf of the firm.
3. Bidders may provide a list of up to three references for work performed of a similar nature during the last three years, along with contact details. IRI may contact the references to evaluate past performance.
4. If the Bidder is a U.S. organization/resident, or a foreign organization/resident which has income effectively connected with the conduct of activities in the U.S. or has an office or a place of business or a fiscal paying agent in the U.S., the information submitted must contain Bidder’s Taxpayer Identification Number.
5. Proposals will not exceed 10 pages (not including cover page).
6. Proposals submitted by individuals must contain the attached Expert Service Rate Form and a CV/resume.

**Price Proposals**

Bidders must propose a firm-fixed Unit Price for each of the deliverables identified below and in the format of the table below. The Bidder’s pricing must be valid for at least 60 (sixty) calendar days after the due date for proposal submission. The proposed Unit Price should be fixed and inclusive of all costs to perform, including inspection services, transportation, taxes, import duties (if any), and other levies. To the extent that a Bidder proposed to include any pricing not reflected in the table below, such pricing must be fully described in the proposal. Proposals must be submitted in **US Currency**, payments under any resulting contract will be made in this currency.

Unit/Deliverable	Unit Price	Number of Units	Total

**Evaluation and Award Process**

1. IRI may contact any Bidder for clarification or additional information, but Bidders are advised that IRI intends to evaluate the offers based on the written proposals, without discussions, and reserves the right to make decisions based solely on the information provided with the initial proposals. IRI may but is not obligated to conduct additional negotiations with the most highly rated Bidders prior to award of a contract, and may at its sole discretion elect to issue contracts to one or more Bidders.

2. Mathematical errors will be corrected in the following manner: If a discrepancy exists between the total price proposed and the total price resulting from multiplying the unit price by the corresponding amounts, then the unit price will prevail and the total price will be corrected. If there is a discrepancy between the numbers written out in words and the amounts in numbers, then the amount expressed in words will prevail. If the Bidder does not accept the correction, the offer will be rejected.
3. IRI may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if IRI determines that the lack of balance poses an unacceptable risk.
4. IRI will conduct a source selection based as follows:  
If best value, IRI intends to make an award to the responsible Bidder based on the following evaluation factors:
  - a) Technical evaluation, (including technical capabilities, proposed technical approach, and personnel qualifications) – 40 percent
  - b) Past performance and experience in performing similar projects – 30 percent
  - c) Compliance with security and other administrative requirements – xxx percent
  - d) Other factors – xxx percent
  - e) Price – 30 percent

IRI intends to evaluate Bidders' proposals in accordance with these factors and make an award to the responsible Bidder whose proposal is most advantageous to the program.

5. If a cost realism analysis is performed, cost realism may be considered in evaluating performance or price.
