By submitting a bid, bidder agrees to comply with all terms, conditions, and provisions included in the solicitation and agreement to the services identified above, and will specifically identify any disagreement with or exceptions to the terms, conditions, and provisions.

2. IRI may reject any or all bids if such is within IRI's interest.

3. The Bidder's initial bid should contain the Bidder's best offer.

4. IRI reserves the right to make multiple awards or partial awards if, after considering administrative burden, it is in IRI's best interest to do so.

5. Discussions with Bidders following the receipt of a bid do not constitute a rejection or counteroffer by IRI.

6. IRI will hold all submissions as confidential and shall not be disclosed to third parties. IRI reserves the right to share bids internally, across divisions, for the purposes of evaluating the bids.

7. Bidders confirm that the prices in the bid/proposal/application/quote have been arrived at independently, without any consultation, communication, or agreement with any other bidder or competitor for the purpose of restricting competition.

8. By applying to this IFB, applicant is certifying that if it is awarded a contract, none of funds payable under the resulting contract will be used to (1) procure or obtain, extend or renew a contract to procure or obtain; (2) enter into a contract (or extend or renew a contract) to procure; or (3) obtain the equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part
of any system in compliance with the National Defense Authorization Act. Covered telecommunications equipment and services mean any of the following:

i. Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

ii. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

iii. Telecommunications or video surveillance services provided by such entities or using such equipment.

iv. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country. (2 CFR 200.216).

   b. Any family or financial relationship with other bidders submitting bids. For example, if the bidder’s father owns a company that is submitting another bid, the bidder must state this.

   c. Any other action that might be interpreted as potential conflict of interest.

**Evaluation and Award Process:**

1. IRI may contact any Bidder for clarification or additional information, but Bidders are advised that IRI intends to evaluate the offers based on the written bids and reserves the right to make decisions based solely on the information provided with the initial bids. IRI may but is not obligated to conduct additional negotiations with the most highly rated Bidders prior to award of a contract and may at its sole discretion elect to issue contracts to one or more Bidders.

2. Mathematical errors will be corrected in the following manner: If a discrepancy exists between the total price proposed and the total price resulting from multiplying the unit price by the corresponding amounts, then the unit price will prevail and the total price will be corrected. If there were a discrepancy between the numbers written out in words and the amounts in numbers, then the amount expressed in words will prevail. If the Bidder does not accept the correction, the offer will be rejected.

3. IRI may determine that a bid is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A bid may be rejected if IRI determines that the lack of balance poses an unacceptable risk.

4. IRI will conduct a source selection based as follows:
IRI intends to make an award to the responsible Bidder based on the following evaluation factors:

a) Technical capabilities and terms of agreement – 40 percent
   1. Variety of options for conference room sizes (20 percent)
   2. Complimentary services (wifi, water, tea, coffee, flipcharts, mini bar, secured parking, etc.) (10 percent)
   3. Flexible reservation and cancellation terms (10 percent)

b) Quality Service as indicated by reviews and/or references – 20 percent

c) Price – 40 percent

IRI intends to evaluate bids in accordance with these factors and make an award to the responsible bidder whose proposal is most advantageous to the program.

5. If a cost realism analysis is performed, cost realism may be considered in evaluating performance or price.

**Submission Instructions:**
Bids must be submitted via email to Lucia Efros, at lefros@iri.org with the subject line “Eurasia2021MO05o” by the deadline listed above.

Bidders are requested to provide a sample contract template for review. If no template is available, IRI will use our template. Bidder is advised to include all its applicable terms and conditions on the bid.

Bids should be under 15 pages total.

Bidders should specify whether there is a fee for cancellation of a reservation.

Bidders should include a fire safety inspection certificate or certification document to show that they are in compliance with local fire safety codes.

Bidders should provide 3 reviews and/or reference information from former clients (preferably other organizations or businesses that used the conference spaces).

Where possible, IRI requests floorplans from bidders to confirm layout and help plan for spacing of participants during COVID-19.

**IRI Obligations**
Issuance of this IFB does not constitute an award commitment on the part of IRI, nor does it commit IRI to pay for costs incurred in the preparation and submission of a quotation.

**Notice Listing Contract Clauses Incorporated by Reference**
