REQUEST FOR PROPOSALS

Procurement Number:	EUROPE2019BiH07o
Open Date:	August 22, 2019
Questions Deadline:	August 28, 2019
Closing Deadline:	September 2, 2019
Geographical Area Restrictions:	N/A
Point of Contact:	Lucas Jensen (ljensen@iri.org)

Background

The International Republican Institute (IRI) is a nonprofit, nonpartisan, organization dedicated to advancing freedom and democracy worldwide. Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

IRI will use the poll and focus groups to understand the public's perception of BiH's creative industries and state security issues. This information will be presented to prominent and influential leaders throughout the region as well as relevant government institutions and organizations.

Period of Performance

September 2, 2019 – September 1, 2020

Statement of Work

OBJECTIVES OF THE RESEARCH

Public opinion data shall be obtained through a survey of BiH that is designed to obtain the most accurate possible information about (1) public perceptions of national security and European integration; and (2) the creative industries in BiH, with the potential for additional topics of focus.

RESEARCH TASKS

(1) General Responsibilities of Bidder (for Poll). The bidder shall be responsible for the project design and execution, including the following specific tasks:

- (a) translation, formatting, pretesting, adaptation, and printing of questionnaires (unless using CAPI devices);

- (b) development of a Sampling Plan, to be based on a multistage stratified plan; list and explain any geographic or other exclusions; the proposed Sampling Plan will be reviewed by IRI Office of Research, and any further changes agreed upon by IRI and bidder will be incorporated;
- (c) training supervisors and interviewers;
- (d) arranging and supervising all aspects of fieldwork, including back-checks;
- (e) entering and processing the survey data, including cleaning data and encoding survey responses;
- (f) ascertaining the representativeness of the sample and weighting the data, if necessary;
- (g) Statistical analysis of findings and writing a 3-5 page analytic report to place the findings within the local political and other contexts.

(2) Questionnaire. IRI will provide a draft questionnaire. The bidder will provide input, such as a need for rephrasing certain terms for local context.

IRI requests translation into Bosnian. Translations will be reviewed and approved by IRI.

Full versions should be printed, and interviewers should be allowed to code the questionnaire in the interview language. If CAPI devices are used, at least the main interview language must be programmed into CAPI—only programming in English (unless English is the main interview language) is insufficient. The questionnaire may call for showcards, which must be printed in all translated languages. The estimated average interview duration is 25-30 minutes.

3) Sample Design. IRI requires a compilation of a national sample of 1,200 adults, age 18 or older, that is representative of the population of the survey universe. Planned exclusions of the population of the survey universe (e.g. geographic etc.) must be discussed during the quotation stage.

The sample shall be drawn using recognized probability methods, all the way down to the selection of the individual respondent at the household level. In the event that any departure from probability sampling methods is recommended by the bidder for all or any part of the survey, the sampling methodologies to be employed shall be described in detail and a rationale for their use shall be provided. IRI's general preferred sampling approach is:

1. Stage 1: PPS Stratification by administrative units as per census (e.g. province, district etc.)
2. Stage 2: PPS Stratification by urban/rural (if census data exists)
3. Stage 3: Random selection of Sampling Point (no more than 10 interviews per Sampling Point) within each Stage 2 stratum
4. Stage 4: Random route household selection within each Sampling Point. Starting point within Sampling Point ideally randomly determined by satellite map or GPS coordinates.

5. Stage 5: Random selection of respondent within each selected household by KISH grid or last/next birthday method.

Sample Sampling Plan for n=1000 with 10 interviews per Sampling Point (SP)

PPS for Stages 1 and 2	STAGE 1		STAGE 2			
	% of country's 18+ population	# of SPs in district	% of population of district urban	% of population of district rural	# of urban SPs in district	# of rural SPs in district
District A	24%	24	100%	0%	24	0
District B	18%	18	35%	65%	6	12
District C	7%	7	15%	85%	1	6
District D	20%	20	25%	75%	5	15
District E	24%	24	75%	25%	18	6
District F	7%	7	40%	60%	3	4

A detailed sampling plan shall be submitted to IRI prior to fieldwork, including a description of the survey coverage, allocation of the sample, description of the sampling frame, description of any stratification criteria to be used, description of the stages of selection and the selection methods to be used at each stage, a definition of the Sampling Points and approximate number of interviews to be conducted within each Sampling Point, the method to be used for selection of the respondent at the household level, an explanation for any divergence from use of the KISH grid for respondent selection, and call-back rules to be employed. It is assumed that the sample will be distributed in proportion to the population of each region or other geographic unit to be surveyed; in the event that the bidder wishes to propose a sample design departing from this principle, the proposal should describe the allocation to be used and the reasons for doing so.

(4) Pre-Test. The questionnaires shall be pre-tested by the bidder prior to the commencement of any fieldwork. No less than 20 pre-test interviews shall be conducted. The bidder shall provide IRI with a written report of the results of the pre-test, along with details of any problems encountered and suggested remedies, prior to the commencement of any fieldwork.

(5) Fieldwork. Interviews shall be conducted by experienced field workers who shall be thoroughly briefed by bidder prior to commencement of any fieldwork. IRI may send a representative to observe training and/or some interviews. The bidder shall ensure that interviewers are thoroughly familiar with household and respondent selection procedures, call back procedures, and the structure of the questionnaire, including routing and filtering. Interviewer training shall include practice sessions in administering the questionnaire. All interviewers must have at least completed secondary education and must be fully fluent (reading and speaking) in the language(s) in which they are to administer the interviews. A minimum of 10% of interviews shall be back checked or accompanied by a team supervisor.

The interviews shall be face-to-face and they shall be conducted in the home of the respondent. IRI prefers questionnaire administration via CAPI but is open to paper-and-pencil questionnaire administration if CAPI use is not feasible or advisable.

Household and respondent selection must be tracked on a contact tracking sheet or similar—this will be needed to calculate the response rate. Informed consent (oral is acceptable unless country laws require written) must be sought prior to commencing the interview. IRI will provide draft informed consent language to the bidder and this template may be updated by the bidder to conform with the country's legal requirements.

(6) Data Processing. The bidder shall be responsible for data entry with a 10% double-punch standard (if using paper and pencil questionnaires), cleaning, and processing, including development and implementation of a coding scheme for all open-ended questions. The bidder shall supply data to IRI as a clean, fully labeled in English SPSS “*.sav” file with a complete data dictionary of variable names and value labels. There shall be one data record for each respondent and records shall be of fixed length. Data will be submitted in a single dataset. The bidder shall be responsible for deriving and applying any post-stratification weights required to bring the sample into conformity with the demographic profile of the population at the very least for gender and age groups, as well as any additional weighting factors required to correct for disproportionate allocation, if used. If demographic weights were to exceed a factor of 1:8, this must be discussed in writing with IRI before the weight is applied. Ideally, IRI would want education groups included in weights, and if available demographic data allows it, those without formal education will be assigned to a separate code from those with a least some primary education. Each record shall include a unique respondent ID number, interviewer ID number, interview duration, Sampling Point ID number, and codes for precise location and date of interview. Each record shall include demographic information about the respondent, including: gender, exact age, and education level.

(7) Technical Report. When delivering data, the bidder shall provide a Technical Report which shall include the following:

- (a) A complete Sampling Plan, including list of PSUs and individual sampling points and number of interviews conducted at each sampling point.
- (b) Details of response rates, including tabulation of unsuccessful interview attempts by sampling point, with reasons for non-response (i.e. respondent refusal, proxy refusal, inability to locate selected respondent, etc.).
- (c) A brief report on survey operations including any practical difficulties encountered in carrying out the survey;
- (d) Estimated sampling error;
- (e) A complete explanation of the weighting scheme including details of how weighting factors were developed and applied, as well as the demographic data on which weights were based (i.e., age, gender, and education distributions in the population);
- (f) any abnormalities encountered during data QC, including but not limited to: suspicious patterns by interviewer ID (e.g. unusually fast completion rates), GPS coordinates not matching the selected sampling point, potential contradictions (e.g. respondents who rate a certain politician as highly untrustworthy yet definitely plan on voting for this person), significant data changes of indicators since the previous poll, etc.

(8) Analytical Report. The bidder will provide an analytical report of 3-5 pages highlighting key findings from the data and placing these findings within the local context. Mere description of data is insufficient; the report must contain analysis.

(9) PowerPoint Presentation. The bidder will provide a presentation with a chart for every survey question. A template (already completed with historic data for trend charts if applicable) will be provided by IRI.

(10) Summary of Deliverables. The Deliverables to be provided to IRI by the bidder are as follows for the national poll:

- (a) Sampling plan
- (b) Pretest report
- (c) Copies of the final questionnaire, as fielded, in English and Bosnian.
- (d) A complete data set formatted as an SPSS file
- (e) A technical report of methodology in English
- (f) An analytical report/poll analysis, 6,000-8,000 words long, in English
- (g) Power Point presentation of the poll

(11) Delivery Schedule. Bidder will advise IRI on a feasible timeline for completing work on this project as soon as possible, with the deliverables listed in Section 10 above to be submitted no later than three weeks after the conclusion of fieldwork.

(12) Proposals must contain:

- List surveys with similar specifications previously conducted in BiH
- Explain if planning on using subcontractors for any tasks
- Is bidder able to comply with all requirements listed on the SOW without alterations? If any proposed alterations, explain.
- Coverage, if not 100% of non-institutionalized adults aged 18+
- Describe sampling methodology, including design and the source the sampling frame is drawn from, household selection, respondent selection, number of call-backs
- List interview method (F2F Paper and Pencil, CAPI)
- Describe interviewer training (duration, topics, etc.)
- Describe fieldwork quality control (direct observation, personal backchecks, phone backchecks, etc.)
- Describe data entry and data checks protocol (e.g. checks for duplicate entries, logic checks, etc.)
- Describe anticipated challenges, if any

(13) General Responsibilities and Deliverables of Bidder (for FGDs). IRI needs to:

1. **Understand how Bosnian citizens view the security situation in the country, particularly in light of the ongoing migration crisis in the north-west of the country.** Are they concerned about their personal safety or do they express greater concern for public safety in their communities? What do they think can be done to

address the problems, and by whom/what groups/institutions? How do they assess the efforts made to do so?

2. **Understand the views of Bosnian citizens regarding the country's Euro-Atlantic integration aspirations.** Do they support NATO accession in particular? What would it take for those who do not support NATO accession to change their positions? Have they become more Euro-skeptical given the slow pace of BiH's integration process, Brexit and Croatia's meddling in BiH affairs?
3. **Understand the main drivers of ethno-nationalist sentiments among Bosnian citizens and their views on hate speech.** Would they support limiting freedom of speech online if it is considered hate speech by certain groups (i.e. stricter regulations for online speech)?
4. **Understand how young Bosnians (18-35 years old) view their future in the country.** Are they considering leaving BiH? If yes, what are the reasons? What changes/reforms would need to be implemented for them to change their decision to leave? Have they considered starting their own businesses? Are they considering starting a family? How do they feel about the economic opportunities in BiH?

The bidder shall be responsible for conducting 10 focus group discussions, each lasting approximately 90-120 minutes and attended by 8-10 participants. Two discussions should take place in each of the following cities/municipalities: Sarajevo, Bihac, Zvornik, Prijedor and Mostar.

All participants should be:

- Roughly equally mixed in gender
- Educational background: secondary school or higher
- Express interest in security topics and Euro-Atlantic integration
- Among each set of sessions in the same city, one group shall be participants 18 to 35 years of age, and another group shall be participants 35 years and older.
- Participants in the same focus group session may not know one another.
- No participants may have participated in a focus group in the past 12 months.

Bidder will be responsible for managing all logistical aspects of the project above and should engage local support staff as necessary to complete the following:

- **Screener.** IRI will provide a draft screening questionnaire within two weeks of contract award based on the specifications above. The Bidder will review offer edits within three working days of receipt. Following IRI approval, the Bidder will translate the screener into Bosnian. IRI reserves the right to review the translation prior to recruitment launch.
- **Recruiting participants.** Bidder will recruit all participants according to the screening criteria listed above. At least one week prior to the start of the first focus group session, the Bidder will provide a brief description of the composition of the groups in terms of age, gender, occupation, etc. Bidder should recruit 8-10 participants for each group as well as 2-3 alternates in case any of the original participants are unable to participate. All participants will be required to give written informed consent to participate in this study. IRI will provide draft informed consent language which may be adjusted by the Bidder in order to conform to any specific legal requirements in the research country.

- Discussion guide. IRI will provide the draft discussion within two weeks of contract award. Bidder will be welcome to offer suggestions for improvement and is expected to format and translate the discussion guide into Bosnian. IRI reserves the right to review the translation(s.)
- Focus group moderator. Bidder will provide a trained and experienced moderator for groups in each city. The moderators should familiarize him/herself with the topic of discussion prior to the groups. The moderator may be required to participate in a training of up to 4 hours with IRI staff.
- Recording of focus group discussions. Audio and/or video record all aspects of research necessary for full and accurate data collection, transcript generation and inclusion of illustrative samples in the final analytical report. Bidder will film focus groups and film should be high quality with clear sound. If participants do not consent to videotaping, audio recordings are acceptable.
- Written summary of focus group discussions. Bidder will provide a 2-3 page written summary of the focus group discussions in idiomatic English within one week after the final focus group session. A template will be provided by IRI.
- Written analytical report. Bidder will analyze all discussions and write and edit a final analytic report (see Deliverables) for review, editing and acceptance by IRI within four weeks of the final focus group session. IRI will provide a report template. The report is expected to synthesize findings across all participants and all discussion sessions, while noting any major differences of opinions between participants and sessions. The report must present actual analysis (i.e. not mere description) and illustrative quotes from participants.

Summary of Deliverables. The Deliverables to be provided to IRI by the Bidder are as follows for FGDs:

- Finalized discussion guide (incl. translation where applicable)
- Proposed Participant Profile
- Written summary as specified above
- Video/Audio recordings of the discussions, with clear audio. Recording should be delivered to IRI electronically (for example via a file transfer service) or delivered to the local IRI office.
- Analytic report of 25-30 pages in MS Word in idiomatic English, which includes a one or two-page executive summary, addressing the research needs outlined above.

Timing. The focus group discussions should be held in October-November 2019. The exact timing will be determined in close consultation with IRI.

Proposal Content. Proposals should address the following points:

- List qualitative projects you conducted with similar specifications in this market
- Name and explain the role of subcontractors (if any)
- State if you are to comply with all requirements listed on this SOW without alterations. If any proposed alterations, explain.
- Describe recruitment plan

- Describe fieldwork quality assurance measures (if any)
- Describe analysis plan
- Provide proposed moderator(s)' CV/Resume
- Describe anticipated challenges if any

Working with IRI

The Contractor must respond to IRI's questions via email or phone in this scope of work within one business day.

Principal must refrain from publicly giving an impression of political bias, including in traditional and social media.

Time is of the essence in the performance of the obligations under this scope of work.

Technical Proposals

All proposals submitted to IRI must include:

1. Information addressing Bidder's experience in providing each of the services identified in the above Statement of Work and Bidder's proposed specific approach for providing those services to IRI under this contract, including sufficient information to determine a clear definition of services as it relates to other providers that may be involved.
2. A statement confirming your firm's agreement with all terms, conditions, and provisions included in the solicitation and agreement to the services identified above, specifically identifying any disagreement with or exceptions to the terms, conditions, and provisions.
3. The name, address, and telephone and facsimile numbers of the Bidder (and electronic address if available). If the Bidder is a firm, name(s) should be provided for individuals authorized to conduct business on behalf of the firm.
4. Names, titles, and telephone and facsimile numbers, and electronic addresses of persons authorized to negotiate and act on the bidder's behalf with IRI in connection with this RFP and the resulting contract award.
5. Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.
6. Bidders may provide a list of up to three references for work performed of a similar nature during the last three years, along with contact details. IRI may contact the references to evaluate past performance.
7. If the Bidder is a U.S. organization/resident, or a foreign organization/resident which has income effectively connected with the conduct of activities in the U.S. or has an office or a place of business or a fiscal paying agent in the U.S., the information submitted must contain Bidder's Taxpayer Identification Number.
8. Proposals will not exceed 15 pages (not including cover page).
9. All proposals must be submitted in English.

Price Proposals

Bidders must propose a firm-fixed Unit Price for each of the deliverables identified below and in the format of the table below. The Bidder's pricing must be valid for at least 60 (sixty)

calendar days after the due date for proposal submission. The proposed Unit Price should be fixed and inclusive of all costs to perform, including inspection services, transportation, taxes, import duties (if any), and other levies. To the extent that a Bidder proposed to include any pricing not reflected in the table below, such pricing must be fully described in the proposal. Proposals must be submitted in U.S. Dollars, payments under any resulting contract will be made in this currency. Rates should be quoted, inclusive of all but showing separately, costs of inspection, services, transportation, taxes, import duties if any, and other levies.

Unit/Deliverable for Poll	Unit Price	Number of Units	Total
Databases of survey results in electronic format in SPSS coded in English		1	
Power Point presentation of the poll		1	
Methodological report		1	
Poll analysis of 6,000-8,000 words		1	
Total price:			

Unit/Deliverable for FGDs	Unit Price	Number of Units	Total
Finalized discussion guide (incl. translation where applicable)		1	
Proposed Participant Profile		10	
Written summary as specified above		1	
Video/Audio recordings of the discussions, with clear audio. Recording should be delivered to IRI electronically (for example via a file transfer service) or delivered to the local IRI office.		10	
Analytic report of 25-30 pages in MS Word in idiomatic English, which includes a one or two-page/slide executive summary, addressing the research needs outlined above		1	
Total price			

Evaluation and Award Process

1. IRI may contact any Bidder for clarification or additional information, but Bidders are advised that IRI intends to evaluate the offers based on the written proposals, without discussions, and reserves the right to make decisions based solely on the information

provided with the initial proposals. IRI may but is not obligated to conduct additional negotiations with the most highly rated Bidders prior to award of a contract, and may at its sole discretion elect to issue contracts to one or more Bidders.

2. Mathematical errors will be corrected in the following manner: If a discrepancy exists between the total price proposed and the total price resulting from multiplying the unit price by the corresponding amounts, then the unit price will prevail and the total price will be corrected. If there is a discrepancy between the numbers written out in words and the amounts in numbers, then the amount expressed in words will prevail. If the Bidder does not accept the correction, the offer will be rejected.
3. IRI may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if IRI determines that the lack of balance poses an unacceptable risk.
4. IRI will conduct a source selection based as follows:

IRI intends to make an award to the responsible Bidder based on the following evaluation factors:

- a) Technical evaluation, (including technical capabilities, proposed technical approach, and personnel qualifications) – 35 percent
 - Proposed approach – 20 percent
 - Technical capabilities – 15 percent
- b) Past performance and experience in performing similar projects – 35 percent
 - Experience/ability to field polls and FGDs that adhere to international standards and best practices for survey research – 10 percent
 - Prior experience conducting survey work in BiH – 25 percent
- c) Price – 30 percent

IRI intends to evaluate Bidders' proposals in accordance with these factors and make an award to the responsible Bidder whose proposal is most advantageous to the program.

5. If a cost realism analysis is performed, cost realism may be considered in evaluating performance or price.

Submission Instructions

Bids must be submitted via email to Lucas Jensen, at ljensen@iri.org with the subject line "EUROPE2019BiH07o RFP" by the deadline listed above.

RFP Terms and Conditions

1. Prospective Bidders are requested to review clauses incorporated by reference in the section "Notice Listing Contract Clauses Incorporated by Reference".
2. IRI may reject any or all proposals if such is within IRI's interest.

3. Proof of costs incurred, such as but not limited to receipts, pictures and financial documents, may be requested during and for up to three years after the end of the contract period.
4. The Bidder's initial proposal should contain the Bidder's best offer.
5. Payment will be made upon receipt of invoices and deliverables/services.
6. Discussions with Bidders following the receipt of a proposal do not constitute a rejection or counteroffer by IRI.
7. IRI will hold all submissions as confidential and submissions shall not be disclosed to third parties. IRI reserves the right to share proposals internally, across divisions, for the purposes of evaluating the proposals.
8. For any currency conversion, the exchange rate to US Dollars listed on oanda.com on the closing date of this solicitation shall be used.
9. Every contract will contain provisions governing termination for cause and termination for convenience.
10. By submitting a proposal, offeror agrees to comply with all terms, conditions, and provisions included in the solicitation and agreement to the services identified above, and will specifically identify any disagreement with or exceptions to the terms, conditions, and provisions.
11. Offerors confirm that the prices in the proposal/proposal/application/quote have been arrived at independently, without any consultation, communication, or agreement with any other Bidder or competitor for the purpose of restricting competition.
12. Bidders agree to disclose as part of the proposal submission:
 - Any close, familial, or financial relationships with IRI staff and agents. For example, the Bidder must disclose if a Bidder's mother conducts volunteer trainings for IRI.
 - Any family or financial relationship with other Bidders submitting proposals. For example, if the Bidder's father owns a company that is submitting another proposal, the Bidder must state this.
 - Any other action that might be interpreted as potential conflict of interest.

Notice Listing Contract Clauses Incorporated by Reference

IRI is required to make the contractor subject to certain flowdown clauses of the prime award. This awarded contract will incorporate one or more clauses by reference, with the same force and effect as if they were given in full text. Where "flow-down" to the contractor is applicable, references to "USAID/Department of State" shall be interpreted to mean "IRI", "Recipient" to mean "Contractor", and "Subrecipient" to mean "lower-tier subcontractor." Included by reference are the applicable provisions contained in Appendix II to 2 CFR Part 200 and USAID Standard Provisions for Non-US Non-governmental Organizations/US Department of State Standard Terms and Conditions.

IRI Obligations

Issuance of this RFP does not constitute an award commitment on the part of IRI, nor does it commit IRI to pay for costs incurred in the preparation and submission of a proposal or quotation.

Required Certifications

The following certificates need to be signed by all Bidders. These certifications are an integral part of the quotation/proposal. Please print them off and send back to us with your proposal after signature on each certificate. They are:

- Certification regarding debarment, suspension, ineligibility and voluntary exclusion lower tier covered transactions
- Authorized Individuals
- Certification Regarding Lobbying

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION LOWER TIER COVERED TRANSACTIONS

This certification implements Executive Order 12549, Debarment and Suspension and the requirements set forth in 2.C.F.R. 180, Subpart C.”

Copies of the regulations may be obtained by contacting the person to which this proposal is submitted.

1. By signing and submitting this proposal/application/quote, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal/application/quote is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal/application/quote that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the IRI.
6. The prospective lower tier participant further agrees by submitting this proposal/application/quote that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 above, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a

person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal Cooperative Agreement, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned must complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
3. The undersigned must require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients must certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification will be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
