Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

IRI assists countries in the Middle East and North Africa to further their reforms and advance democratic transitions through a wide range of programs including training political parties to democratic governance assistance. We promote responsive and inclusive governments throughout the region, each held accountable by informed and active citizens. IRI seeks a public opinion research expert to provide strategic analysis and guidance for IRI's survey research in the MENA region.

IRI will enter into an agreement with an international polling/survey research expert to serve as an independent quality control measure by supervising fieldwork, verifying survey data, and analyzing survey data. Written analysis will focus on information that is politically applicable and actionable to the MENA program and must draw out recommended actions for relevant stakeholders to take. Both the PowerPoint and written analysis will follow a predetermined format and style guide, provided by IRI.
7. Provide strategic consultation to IRI's in-country survey and focus group discussion partners to coordinate data and findings between different survey research methods such as polls and FGDs.
