Background

The International Republican Institute (IRI) is a nonprofit, nonpartisan, organization dedicated to advancing freedom and democracy worldwide. Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

IRI Belarus is looking to develop a series of concise educational videos (six to ten minutes in length) focused on the campaign process. In order to ensure that the content is of professional quality and engaging and “shareable” via social media, IRI is seeking to contract with a Vilnius-based graphic design firm or individual.

Period of Performance

April 1, 2019 through June 30, 2020

Statement of Work

IRI is seeking bids from Vilnius-based professional graphic design firms or individuals to assist as it develops a series of education resources focused on civic activism. Bidders will be required to:

- Work collaboratively and timely with IRI Vilnius-based staff to design educational resources, including:
 - Design and layout
 - Creation of educational and engaging infographics or illustrations
- Coordinate with an IRI-provided translator to ensure the resources are accessible to Russian- and Belarusian-speakers.
- Provide a pdf or alternative format for web posting of each publication

Bidders will be required to provide the following services on an as-needed basis.

Production timelines are generally 1-2 weeks. Both parties guarantee commitment to timelines and deadlines.

Technical Proposals

All proposals submitted to IRI must include:

1. Information addressing Bidder's experience in providing each of the services identified in the above Statement of Work and Bidder's proposed specific approach for providing those services to IRI under this contract, including sufficient information to determine a clear definition of services as it relates to other providers that may be involved.
2. The name, address, and telephone and facsimile numbers of the Bidder (and electronic address if available). If the Bidder is a firm, name(s) should be provided for individuals authorized to conduct business on behalf of the firm.
3. Bidders may provide a list of up to three references for work performed of a similar nature during the last three years, along with contact details. IRI may contact the references to evaluate past performance.
4. If the Bidder is a U.S. organization/resident, or a foreign organization/resident which has income effectively connected with the conduct of activities in the U.S. or has an office or a place of business or a fiscal paying agent in the U.S., the information submitted must contain Bidder's Taxpayer Identification Number.
5. Proposals will not exceed 15 pages (not including cover page).

Price Proposals

Bidders must propose a firm-fixed Unit Price for each of the deliverables identified below and in the format of the table below. The Bidder's pricing must be valid for at least 60 (sixty) calendar days after the due date for proposal submission. The proposed Unit Price should be fixed and inclusive of all costs to perform, including inspection services, transportation, taxes, import duties (if any), and other levies. To the extent that a Bidder proposed to include any pricing not reflected in the table below, such pricing must be fully described in the proposal. Proposals must be submitted in Euros, payments under any resulting contract will be made in this currency.

Unit/Deliverable	Unit Price	Number of Units	Total

Evaluation and Award Process

1. IRI may contact any Bidder for clarification or additional information, but Bidders are advised that IRI intends to evaluate the offers based on the written proposals, without discussions, and reserves the right to make decisions based solely on the information provided with the initial proposals. IRI may but is not obligated to conduct additional negotiations with the most highly rated Bidders prior to award of a contract, and may at its sole discretion elect to issue contracts to one or more Bidders.
2. Mathematical errors will be corrected in the following manner: If a discrepancy exists between the total price proposed and the total price resulting from multiplying the unit price by the corresponding amounts, then the unit price will prevail and the total

price will be corrected. If there is a discrepancy between the numbers written out in words and the amounts in numbers, then the amount expressed in words will prevail. If the Bidder does not accept the correction, the offer will be rejected.

3. IRI may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if IRI determines that the lack of balance poses an unacceptable risk.
4. IRI will conduct a source selection based as follows:

IRI intends to make an award to the responsible Bidder based on the following evaluation factors:

- a) Technical evaluation, (including technical capabilities, proposed technical approach, and personnel qualifications) – 50percent
- e) Price – 50percent

IRI intends to evaluate Bidders' proposals in accordance with these factors and make an award to the responsible Bidder whose proposal is most advantageous to the program.

5. If a cost realism analysis is performed, cost realism may be considered in evaluating performance or price.
