Fifth Annual Ukrainian Municipal Survey

September 6 - October 10, 2019

A PROJECT OF THE INTERNATIONAL REPUBLICAN INSTITUTE

Geographical Key

Due to the Russian occupation of Crimea and ongoing war in the East of Ukraine, the cities Simferopol, Donetsk and Luhansk were not included in the survey. Instead, Mariupol and Sievierodonetsk were surveyed. As a result of legislation passed in 2016 changing Soviet-era names of cities, the names of Dnipropetrovsk and Kirovograd have been changed to Dnipro and Kropyvnytskyi, respectively.

The Fifth In-Depth Look at Ukrainian Local Governance

- This annual survey provides an extensive look at citizen attitudes about local governance and municipal services.
- Polling was conducted in the 24 regional capitals of Ukraine not under the control of Russian or Russian-backed forces, including Mariupol and Sievierodonetsk in the Donbas region. The survey is based on a sample size of 19,200 respondents.

| Demographics | 247 |

Methodology

• The survey was conducted by <u>Sociological Group "Rating" (Rating Group Ukraine</u>) on behalf of the <u>International Republican Institute</u>'s <u>Center for Insights in Survey Research</u>.

• The data was collected in 24 cities in Ukraine (Kyiv and all oblast centers; including Mariupol in Donetsk oblast and Sievierodonetsk in Luhansk oblast) between September 6 and October 10, 2019 through face-to-face interviews at the respondents' homes.

• The sample consisted of n=19,200 permanent residents of Ukraine aged 18 and older and was representative of the general population by age and gender.

• In order to obtain this representative sample, 800 respondents were interviewed in each city regardless of population size. The geographical coverage of the city area was based on the electoral districts established by the Central Election Commission of Ukraine. Random route and "birthday" rule were used to select respondents. The survey data obtained in each city was weighted by gender and age using national statistical data.

• IRI's first municipal survey was conducted in 22 cities on March 2-20, 2015. The sample included 17,600 respondents. The second wave of municipal survey was conducted in 24 cities on January 20-February 8, 2016 (19,200 respondents). The third wave was conducted in 24 cities on January 20-February 12, 2017 (19,200 respondents). The fourth wave was conducted in 24 cities on January 20-February 10, 2018 (19,200 respondents).

- The margin of error for each city does not exceed ±3.5 points.
- Average response rate is 67.7%.
- Charts and graphs may not add up to 100 percent due to rounding.
- The survey was funded by <u>the U.S. Agency for International Development (USAID</u>). The previous four surveys were funded by the <u>Government of Canada</u>, and the <u>National Endowment for Democracy</u>.

Assessment of the Quality of Public Goods and Services

A PROJECT OF THE INTERNATIONAL REPUBLICAN INSTITUTE

Quality of Public Goods & Services Index

The index expresses the average value of the quality of 22 goods and services taken together, where 1 is "terrible" and 5 is "excellent."

*In previous polls this index was referred to as "Average Score of the Quality of Public Goods and Services in the City." The index has been calculated since 2016.

Quality of Public Goods & Services Index

The value of the aggregate index expresses the mean (average) value of the respondents' answers, where 1 is "terrible" and 5 is "excellent."

*In previous polls this index was referred to as "Average Score of the Quality of Public Goods and Services in the City."

Interaction with Local Authorities

To what degree are you satisfied or dissatisfied with the activities of your mayor?

In your opinion, which of the following best reflects your attitude toward your mayor?

Our mayor should be re-elected for the next term

Our mayor should be given the opportunity to finalize his term and be replaced with another for the next term

Our mayor should be removed from power as soon as possible

Difficult to answer/No answer

To what degree are you satisfied or dissatisfied with the activities of your city council?

In the past two years, have you had to interact with your city government offices (mayoral office, executive committee, city council, rayon council, rayon administration, communal enterprises)?

Democracy is more important to me

Prosperity is more important to me

If you could have only one or the other, which is more important to you: a democratic system of government or a prosperous economy?

Mean (average) value of the respondents' answers, where 0 is "prosperity is definitely more important to me," 1 is "prosperity is somewhat more important to me," 2 is "democracy is somewhat more important to me," and 3 is "democracy is definitely more important to me"; among those who reported a valid rating (n ranges from 606 to 736)
