Background
The International Republican Institute (IRI) is a nonprofit, nonpartisan, organization dedicated to advancing freedom and democracy worldwide. Since 1983, IRI has worked to develop democratic institutions and ideals, carrying out a variety of international programs to promote freedom, self-government and the rule of law worldwide. IRI provides technical assistance in the areas of political party strengthening, developing civic institutions and open elections, promoting democratic governance and advancing the rule of law.

IRI’s work in Moldova supports democratic reform, good governance, and inclusive political representation.

IRI Moldova is seeking a contractor to conduct focus groups among the general population of Moldova, the findings of which will inform IRI’s work to identify opportunities for improved strategic communications from several Moldovan government ministries to provide citizens with relevant, accurate, accessible and timely information. The four sets of focus groups will be conducted with citizens of Moldova and will likely take place between May 2022 and October 2022.

Statement of Work

QUALITATIVE RESEARCH IN MOLDOVA
Focus Groups on Moldovan government institutions

OBJECTIVES OF THE RESEARCH

Through the focus groups, IRI and the program’s beneficiaries are seeking to:

1. Gain a better understanding of participants’ perception of various government institutions, including their perceived role and priorities, availability and accessibility of public information, and an assessment of job performance
2. Gather reactions to various communication campaigns these institutions will undertake in support of democratic reforms in their institutional areas of focus
METHODOLOGY
The questions above are best addressed by a focus group study. Four sets of four groups for various government institutions (1 set per institutions), each lasting approximately 90-120 minutes should take place. The 4 groups per set will most likely be composed as follows:
- 2 groups in capital, 2 groups in a secondary city
And/or
- 2 groups of regular citizens aged 18 and older, 2 groups of specific professions. The professions will be sufficiently widely defined that recruitment of these professionals will not impose a particular burden.
And/or
- 2 groups in Russian, 2 groups in Romanian

Additional requirements:
- Participants in the same focus group session may not know one another.
- No participants may have participated in a focus group study in the past 12 months

GENERAL RESPONSIBILITIES OF THE OFFEROR
IRI is recognizant of challenges associated with the Coronavirus situation. IRI is open to the offeror’s recommendations in the proposal to mitigate risks. IRI will accept participant recruitment by phone/online, and online FGDs, as long as the bidder is able to demonstrate that online fieldwork has been carefully planned for success. IRI is particularly concerned that potential participant who may meet all recruitment criteria but lack a reliable high-speed data connection (or lack a device or lack skills to access a video conference platform) might be excluded from this study. If you propose online fieldwork, please explain how you intend to mitigate this.

Offeror will be responsible for managing all logistical aspects of the project above and should engage local support staff as necessary to complete the following:

- **Screener.** For each set of groups, IRI will provide a draft screening questionnaire based on the specifications above. The Offeror will review offer edits within three working days of receipt. Following IRI approval, the Offeror will translate the screener into Russian and Romanian. IRI reserves the right to review the translation prior to recruitment launch.

- ** Recruiting participants.** For each set of groups, offeror will recruit all participants according to the screening criteria listed above. At least one week prior to the start of the first focus group session, the Offeror will provide a brief description of the composition of the groups in terms of age, gender, occupation, etc. Offeror should recruit 8-10 participants for each in person group as well as 2-3 alternates in case any of the original participants are unable to participate. If online groups are proposed, there will be 5-7 participants for each group. All participants will be required to give written informed consent to participate in this study. IRI will provide draft informed consent language which may be adjusted by the bidder in order to conform to any specific legal requirements in the research country. Offeror should describe their recruitment plan in their proposal.
• **Discussion guide.** For each set of groups, IRI will provide the draft discussion. Offeror will be welcome to offer suggestions for improvement and is expected to format and translate the discussion guide into Russian and Romanian. IRI reserves the right to review the translation(s.) The offeror will make themselves available to (virtually) meet with IRI and representative of the government institutions to design the discussion guide about one hour per guide.

• **Focus group moderator(s).** Offeror will provide one or more trained and experienced moderator(s) who is/are fully fluent in the language of discussion. They should familiarize themselves with the topic of discussion prior to fieldwork, and may be asked to participate in a training of up to 2 hours with IRI staff.

• **Observation.** The Offeror will provide an opportunity for IRI staff to observe the focus group discussions remotely.

• **Recording of** focus group discussions. Audio record all aspects of research necessary for full and accurate data collection, inclusion of illustrative samples in the final analytical report.

• **Written summary of each set of** focus group discussions. Offeror will provide a 2-3 page written summary of the focus group discussions (one single summary per set) in Romanian within one week after the final focus group session per set.

• **Written analytical report.** For each set of groups, offeror will analyze all discussions, and write and edit final analytic report for review, editing and acceptance by IRI. IRI will provide a report template. The report is expected to synthesize findings across all participants and all discussion sessions, while noting to any major differences of opinions between participants and sessions. The report must present actual analysis (i.e. not mere description) and illustrative quotes from participants. The report must be in Romanian, and include a one or two page/slide executive summary, addressing the research needs outlined above. The length is approximately 15 pages. The offeror should describe their analysis plan in their bid.

• **Oral presentation of the report’s findings.** The offeror should be prepared to provide one oral presentation of the findings for each set of focus group discussions. The oral presentation will be for staff of the participating government institutions and will provide an opportunity for the audience to ask questions about the findings and focus group discussions.

**DELIVERABLES**

Evaluation and Award Process

1. IRI may contact any Bidder for clarification or additional information, but Bidders are advised that IRI intends to evaluate the offers based on the written proposals, without discussions, and reserves the right to make decisions based solely on the information provided with the initial proposals. IRI may but is not obligated to conduct additional negotiations with the most highly rated Bidders prior to award of a contract, and may at its sole discretion elect to issue contracts to one or more Bidders.

Mathematical errors will be corrected in the following manner: If a discrepancy exists between the total price proposed and the total price resulting from multiplying the unit price by the corresponding amounts, then the unit price will prevail and the total price will be corrected. If there is a discrepancy between the numbers written out in words and the amounts in numbers, then the amount expressed in words will prevail. If the Bidder does not accept the correction, the offer will be rejected.

3. IRI may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if IRI determines that the lack of balance poses an unacceptable risk.

4. IRI will conduct a source selection based as follows:

   c) Price – 30 percent

   IRI intends to evaluate Bidders’ proposals in accordance with these factors and make an award to the responsible Bidder whose proposal is most advantageous to the program.

5. If a cost realism analysis is performed, cost realism may be considered in evaluating performance or price.
