Public Opinion Poll: Vratsa

February 2022
Methodology

• The survey was conducted on behalf of the International Republican Institute’s Center for Insights in Survey Research by research and consulting company ESTAT Ltd.

• Data was collected between February 14 - February 26, 2022 through CAPI administered face-to-face interviews.

• The sample for Vratsa consisted of n=200 adults, aged 18 and older.

• The sample in the municipality was structured in a way to fully represent the official distribution for 2020, provided by the National Statistical Institute since no official data for 2021 was published at the time. Settlements and districts were the primary sampling units (PSU), each PSU within the municipality has been selected randomly but at the same time using probability proportional to size (PPS) sampling. PPS stratification by urban/rural was applied too and represented the distribution per municipality for 2020.

• After all sampling points within the municipality have been selected, a starting point within the sampling point (area) has been randomly selected. The selection of households was based on a random route method. In urban areas, every 3rd house was selected. In rural areas, every 5th house or block of flats and if a block of flats, every 5th apartment from only one entrance.

• The participants in the study were selected within each household using the Kish grid method.

• The achieved sample was weighted for gender and type of settlement.

• The response rate was 66 percent.

• The margin of error for the sample for the municipality does not exceed ±6.9 points at 95 percent confidence level.

• Charts and graphs may not add up to 100 percent due to rounding.
In general, would you say that your municipality is heading in the right direction or in the wrong direction?
What is the most important problem facing your municipality today? And what is the second most important problem facing your municipality today?

(Up to two responses accepted; spontaneous response; top ten responses displayed)

How would you rate the performance of the municipal government in communicating with the public about the projects they are working on?

- Very good: 24%
- Somewhat good: 19%
- Somewhat bad: 9%
- Very bad: 48%
- Don't know/Refused to answer: 12%
Do you believe that corruption in your municipality is a serious problem or not?

Prior to asking this question, the following introduction was read to the respondent “I will now ask you a series of questions about corruption. When I say corruption, I mean abusing public office for personal gain, like when a government official solicits bribes or awards a contract in exchange for political support or money.”
On which source do you base your assessment of the level of corruption?

(Upto two responses accepted)

- Information provided by the media, such as TV, radio, newspaper, internet, Facebook etc.: 47%
- Personal experience, meaning you have had to provide cash, gifts, or favors: 20%
- Talk with friends and people around: 18%
- Information about corruption given by civil society organizations: 8%
- Talk with relatives or family: 7%
- Government reports: 2%
- Reports of politicians: 2%
- Don't know/Refused to answer: 1%

(Up to two responses accepted)
In your experience, what type of corruption is most common in our municipality?

- Failure to investigate or prosecute wrongdoing: 21%
- Acting in self-interest instead of interest of citizens: 20%
- Stealing or deliberately mismanaging funds: 19%
- Making decisions based on connections as opposed to merit: 18%
- Soliciting bribes or gifts: 14%
- Extortion: 6%
- None of these exist in our municipality: 1%
- Don't know/Refused to answer: 3%
Do you believe that corruption in our country is a serious problem or not?

- Very serious: 35%
- Somewhat serious: 62%
- Somewhat not serious: 3%
- Not at all serious: 0%
In your experience, what type of corruption is most common in our country?

- Stealing or deliberately mismanaging funds: 35%
- Failure to investigate or prosecute wrongdoing: 24%
- Acting in self-interest instead of interest of citizens: 16%
- Making decisions based on connections as opposed to merit: 12%
- Soliciting bribes or gifts: 8%
- Extortion: 5%
Over the past 12 months, has corruption among each of the following levels of government increased, decreased, or stayed the same?

Local authorities:
- Increased: 21%
- Stayed the same: 58%
- Decreased: 17%
