

A municipal Pact for Anticorruption

We, the undersigned mayors of municipalities,

Acknowledging that:

- corruption is detrimental to the fundamentals of democracy by damaging the trust of citizens in public institutions, in their political representatives, and public servants,
- corruption harms citizens' rights, freedoms, and standard of living,
- vulnerabilities to corruption may be created by ineffective transparency and the lack of citizen engagement,

Commit to work within our municipalities for:

- the maintenance and improvement of effective transparency;
- more openness, accessibility, and engagement with citizens among the municipal leadership, the administration, and the council;
- an increase in citizen participation and engagement in municipal decision-making;
- an effective use of the mechanisms and structures to prevent and combat corruption at the municipal level.
