

Public Opinion Survey: Residents of Ukraine

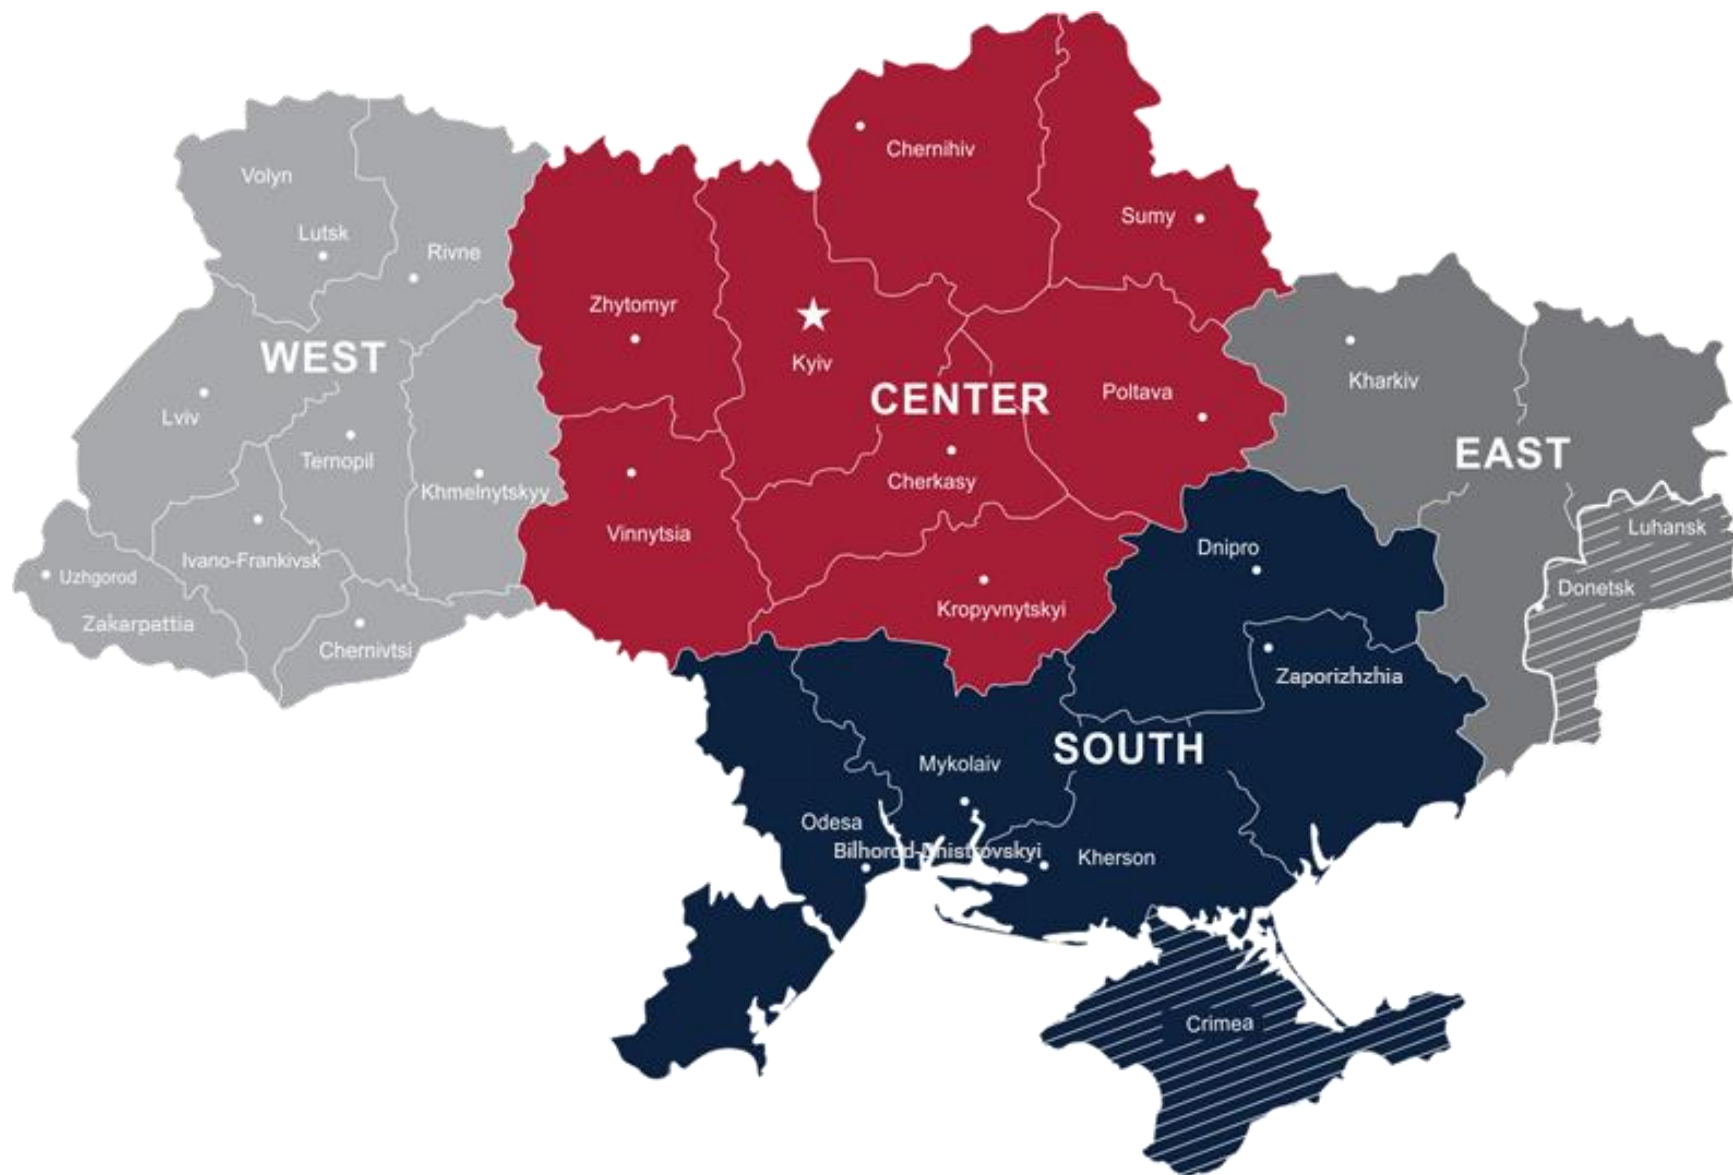

December 13-29, 2019

Methodology

- The survey was conducted by [Sociological Group “Rating” \(Rating Group Ukraine\)](#) on behalf of the [International Republican Institute’s Center for Insights in Survey Research](#).
- The national survey was conducted throughout Ukraine (except for the occupied territory of Crimea and nongovernment-controlled areas of Donbas) from December 13 to 29, 2019, through face-to-face interviews at respondents’ homes. In addition to the national sample, oversample interviews were conducted in four cities between December 13, 2019 and January 8, 2020.
- The national sample consisted of 2,389 residents of Ukraine aged 18 and older, who are eligible to vote. In addition, interviews in four cities (Bilhorod-Dnistrovskiy, Zaporizhzhia, Uzhhorod and Chernihiv) were boosted to n=1,200 each.
- The distribution of the population by regions, settlements, and electoral districts is based on statistical data of the Central Election Commission from the 2019 presidential elections, and the distribution of the population by gender and age is based on data of the State Statistics Committee of Ukraine as of January 1, 2018.
- A multi-stage probability sampling method was used with the random route and “last birthday” methods for respondent selection. The national sample was drawn as follows:
 - Stage One: The territory of Ukraine was split into 25 administrative regions (24 regions of Ukraine and Kyiv). The survey was conducted throughout all regions of Ukraine, with the exception of the occupied territories of Crimea and nongovernment controlled areas of the Donbas.
 - Stage Two: the territory of each region was split into village and city units. Settlements were split into types by the number of residents:
 - Cities with population over 1 million
 - Cities with population 500,000-999,000
 - Cities with population 100,000-499,000
 - Cities with population 50,000-99,000
 - Cities with population up to 50,000
 - Urban villages
 - Villages
 - Cities and villages were selected using PPS method (probability proportional to size). The number of selected cities/villages in each of the regions is proportional to the share of population living in cities/villages of a certain type in each region.
- All samples are weighted to be representative with respect to gender and age.
- The margin of error does not exceed 2.0 percent in the national survey and does not exceed 2.8 percent in the oversample surveys conducted in Bilhorod-Dnistrovskiy, Zaporizhzhia, Uzhhorod and Chernihiv.
- The national sample response rate was 64 percent, while the oversample response rates ranged from 62 percent to 65 percent.
- Charts and graphs may not add up to 100 percent due to rounding.
- The survey was funded by [the U.S. Agency for International Development \(USAID\)](#).

Geographical Key

*Due to the Russian occupation of Crimea and ongoing conflict in the East of Ukraine residents of Crimea and parts of Donetsk and Luhansk oblasts controlled by the separatists did not participate in the survey.

Frequently Cited Disaggregates

Disaggregate	Disaggregation Category	Base
Region	West	n=633
	Center	n=835
	South	n=598
	East	n=323
Age	18-35	n=720
	36-50	n=643
	51+	n=1,026
Political Party Preference*	Servant of the People (Sluha Narodu)	n=757
	Opposition Platform – For Life (Za Zhyttia)	n=178
	Voice (Holos)	n=49
	European Solidarity	n=136
	Radical Party	n=54
	Fatherland (Batkivschyna)	n=124
	Would not vote	n=309
	Undecided (Don't know)	n=433

**Cited bases are weighted. Margin of error will vary with sample size n.*

**Political Party Preference is derived from the question: “If parliamentary elections were held next Sunday and the following political parties participated in the election, which political party would you vote for?”*

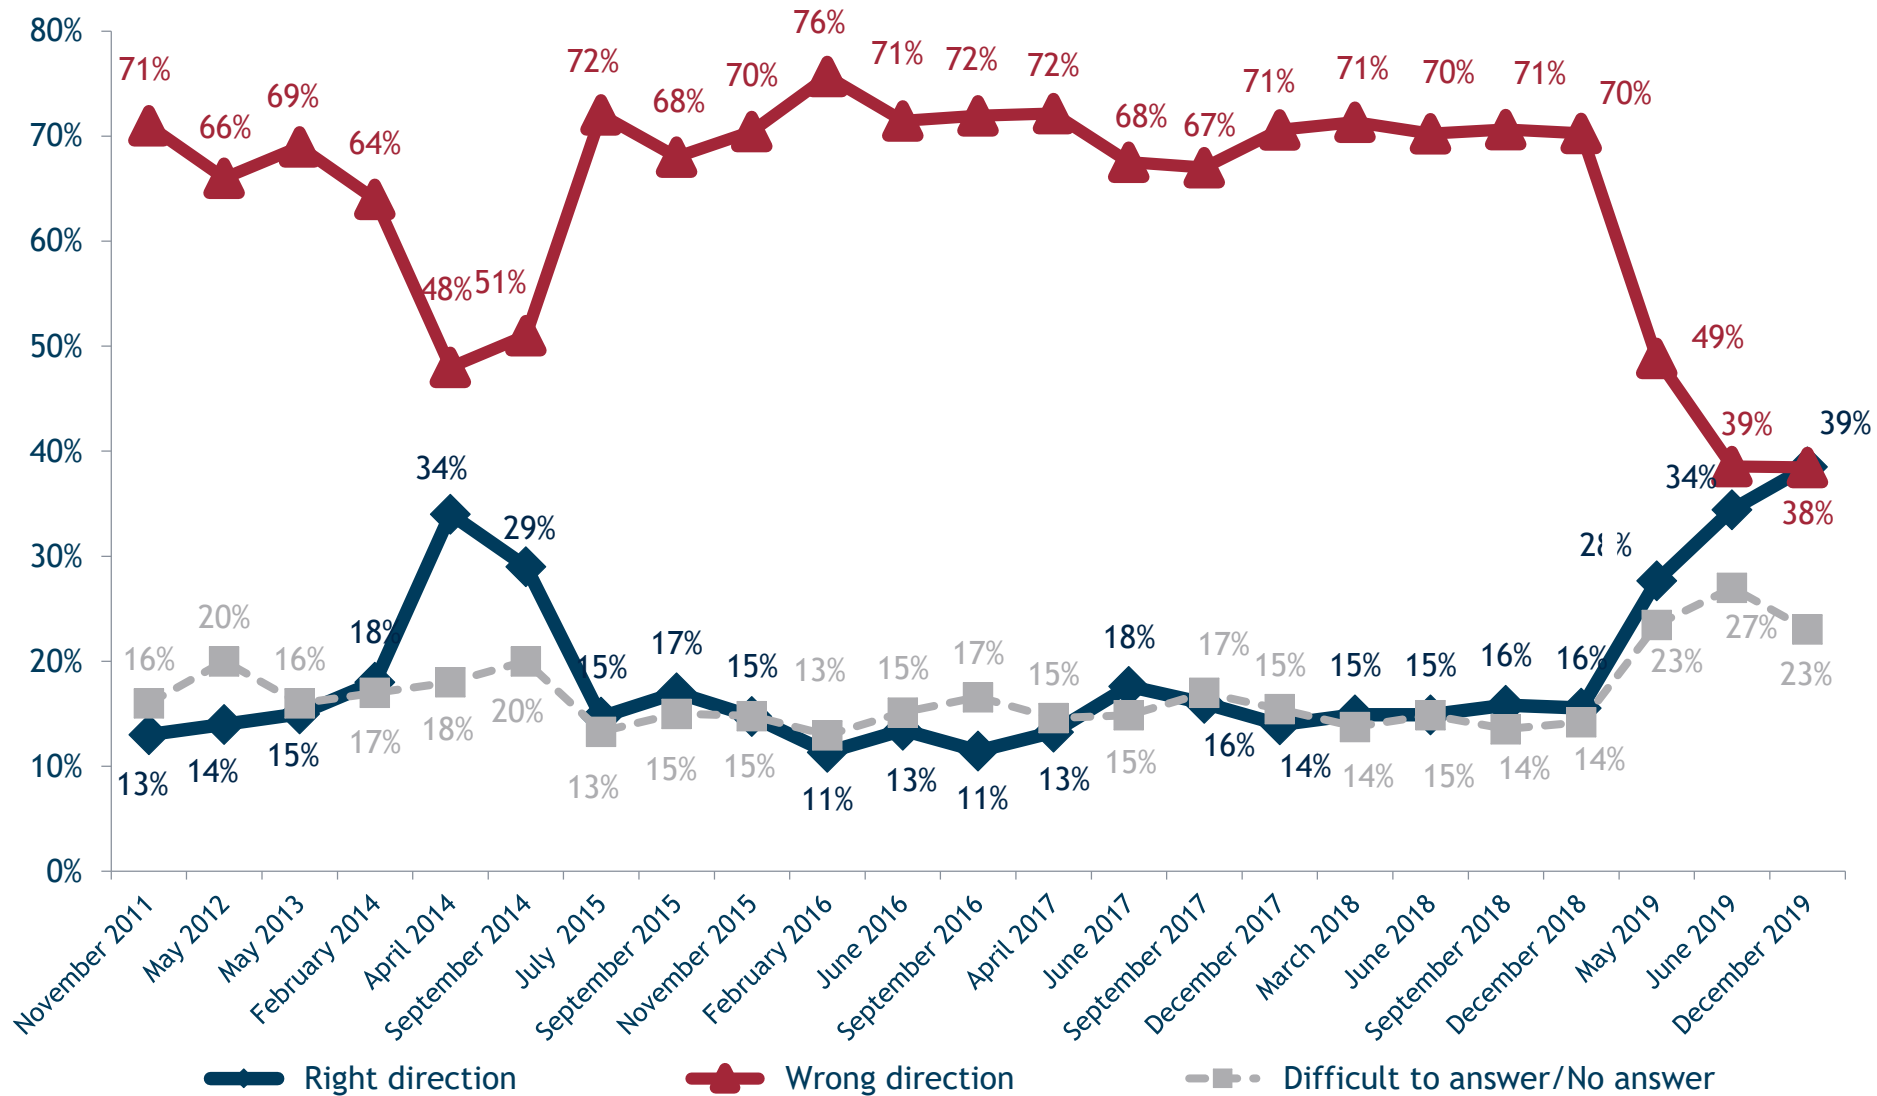

**Only the six parties receiving the largest shares of intended votes are displayed throughout disaggregates in this presentation—no other party received a sufficiently large share of respondents to conduct reliable analysis.*

National Outlook

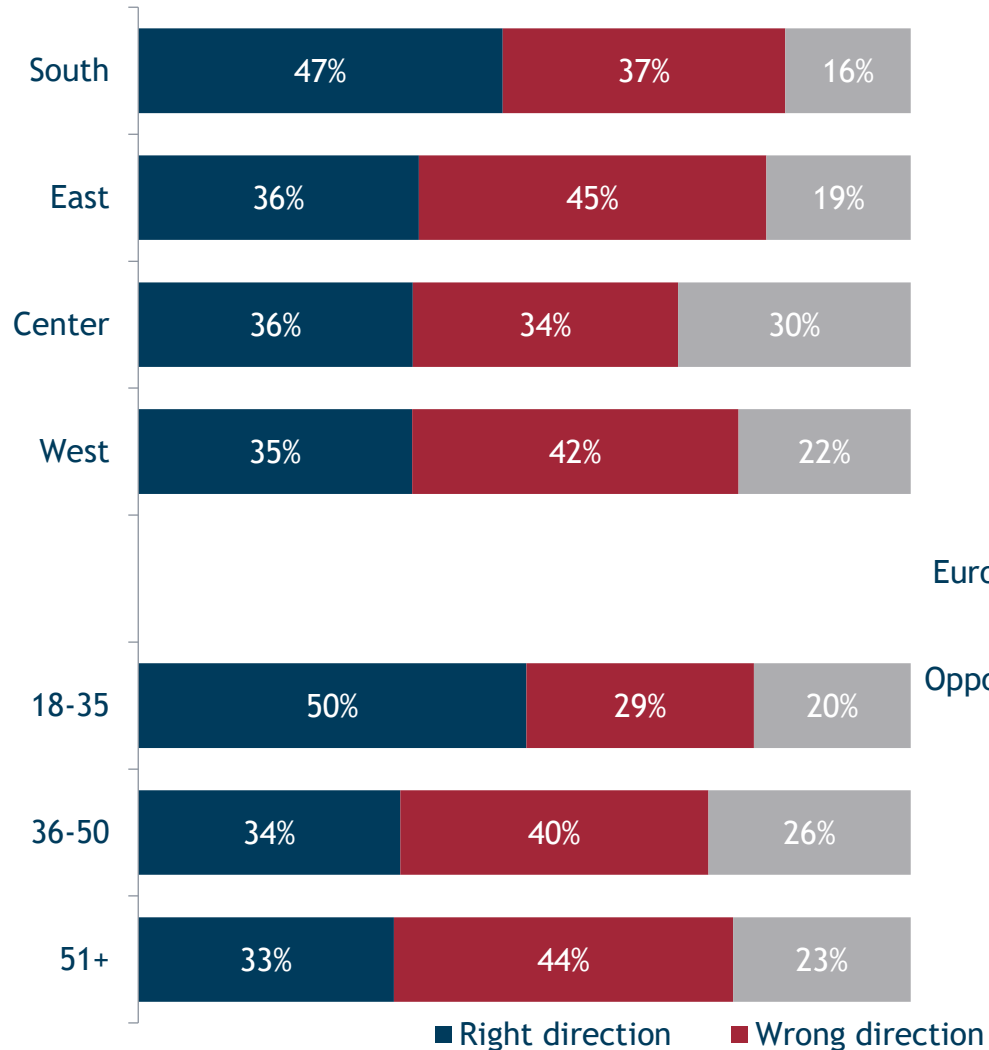

In general, would you say that Ukraine is heading in the right direction or in the wrong direction?

Housing

Do you live in an apartment building?

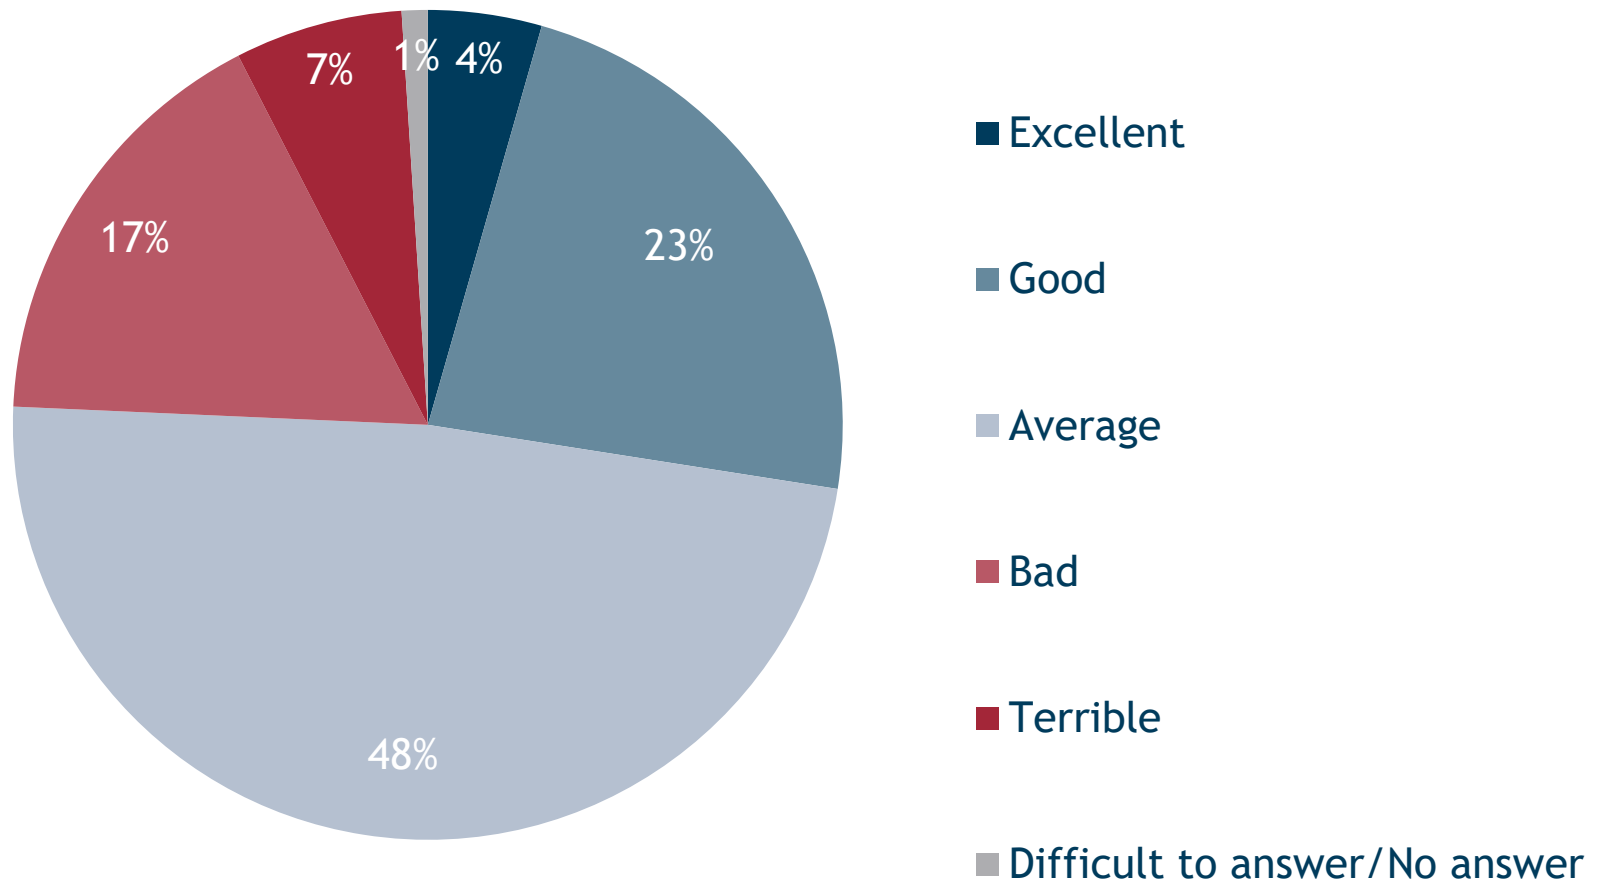

Do either you or a family member own the apartment you live in?

Among those who live in an apartment building, n=1,219

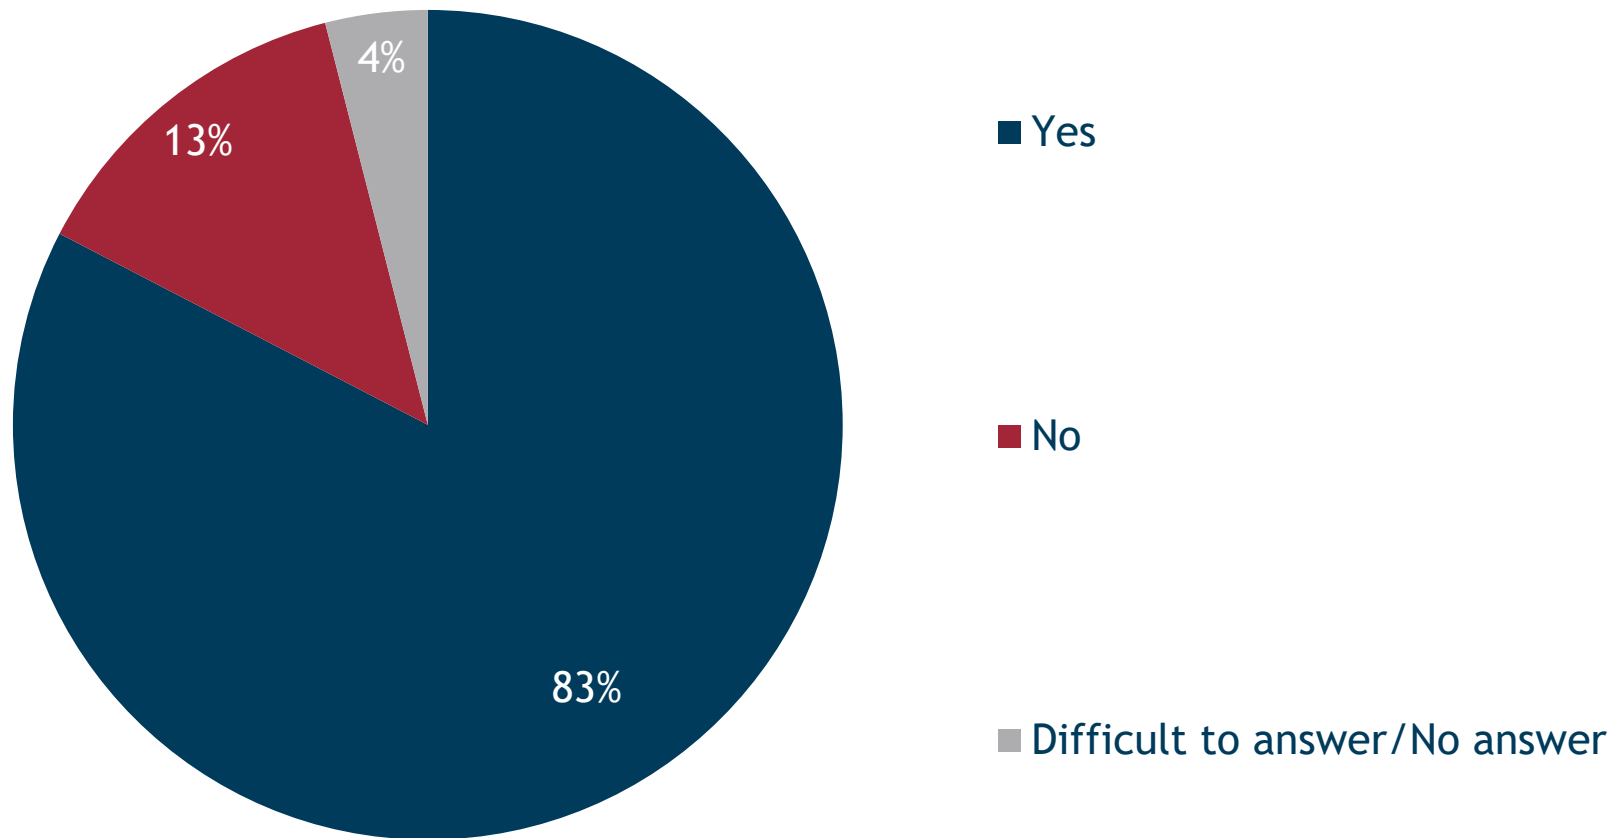

How would you assess the condition of your apartment building?

Among those who live in an apartment building, n=1,219

Do either you or a family member take responsibility for territory near your apartment building?

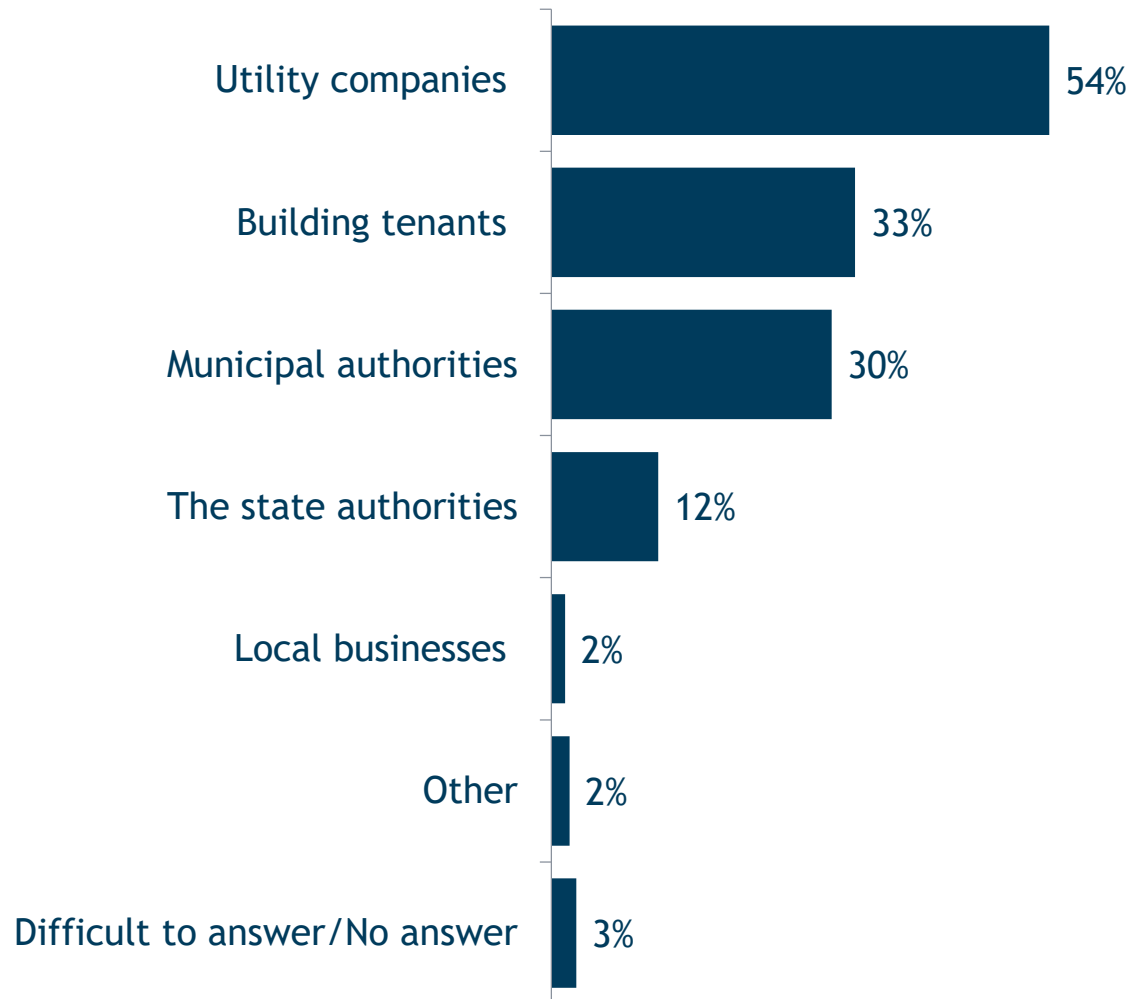

Among those who live in an apartment building, n=1,219

Who among the following do you think should be most responsible for capital improvements to your apartment building?

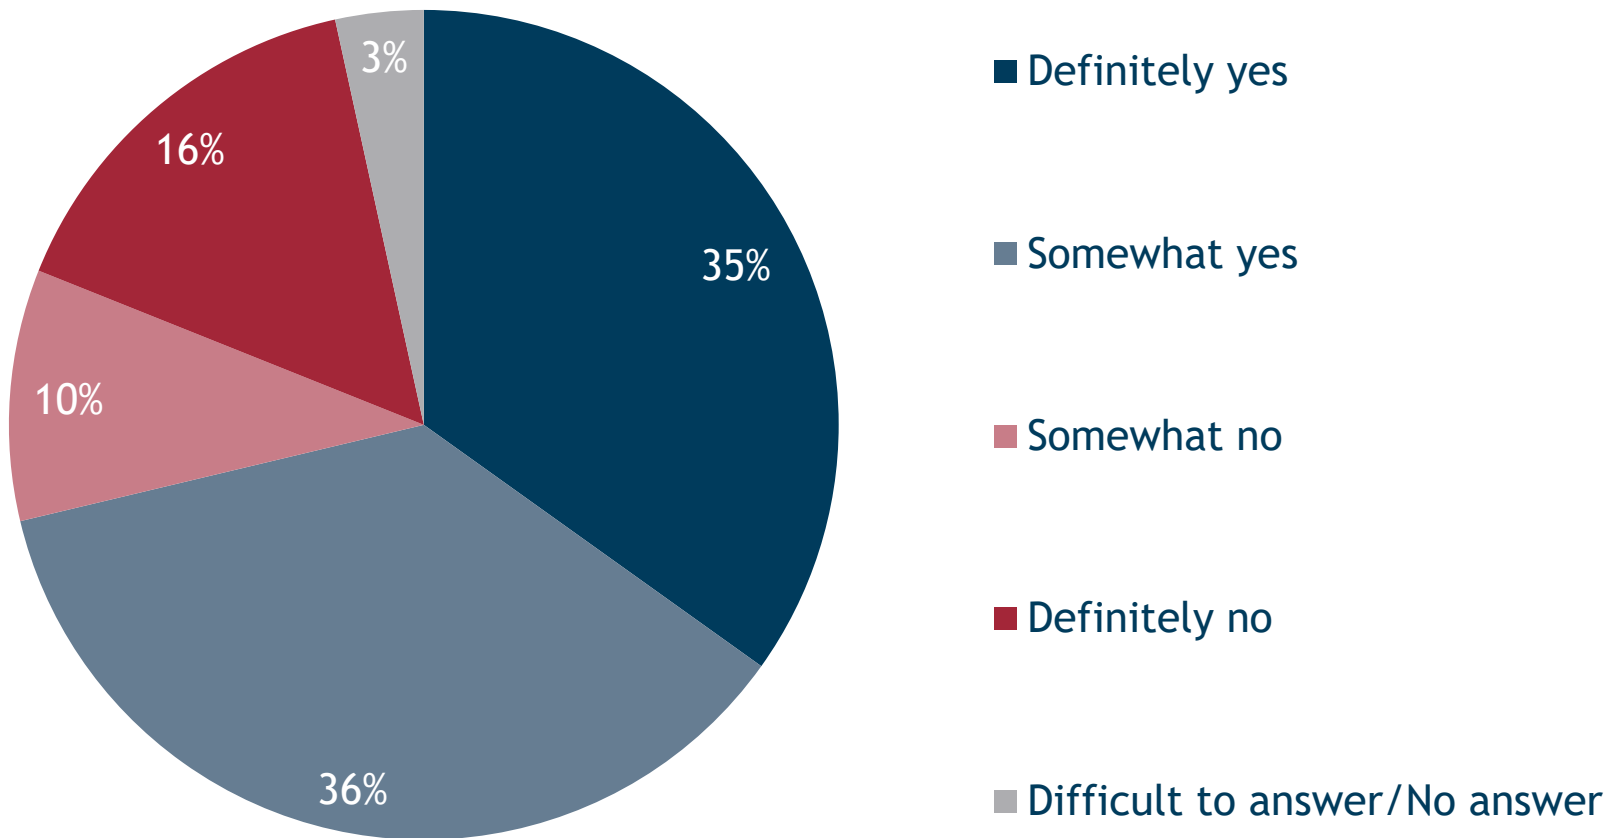

Among those who live in an apartment building, n=1,219

Up to two responses permitted

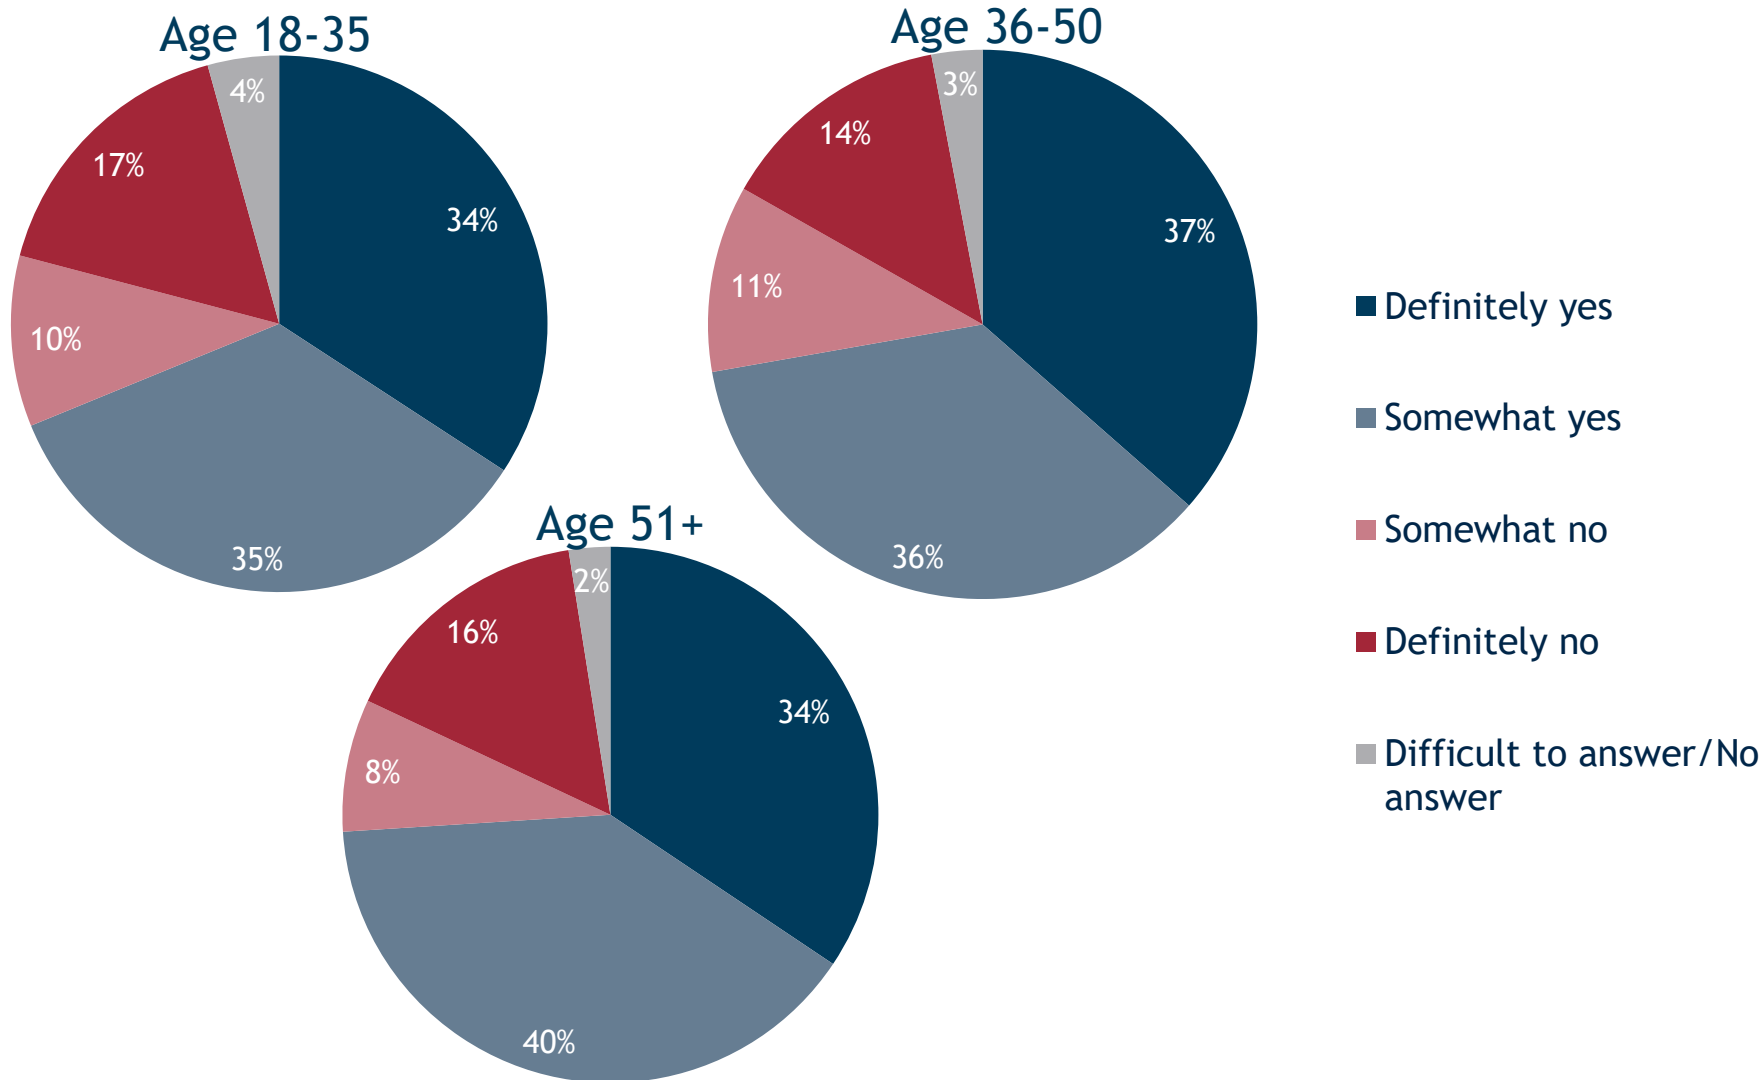

Would you contribute financially to capital improvements to your apartment building?

Among those who live in an apartment building, n=1,219

Would you contribute financially to capital improvements to your apartment building?

Among those who live in an apartment building, n=1,219

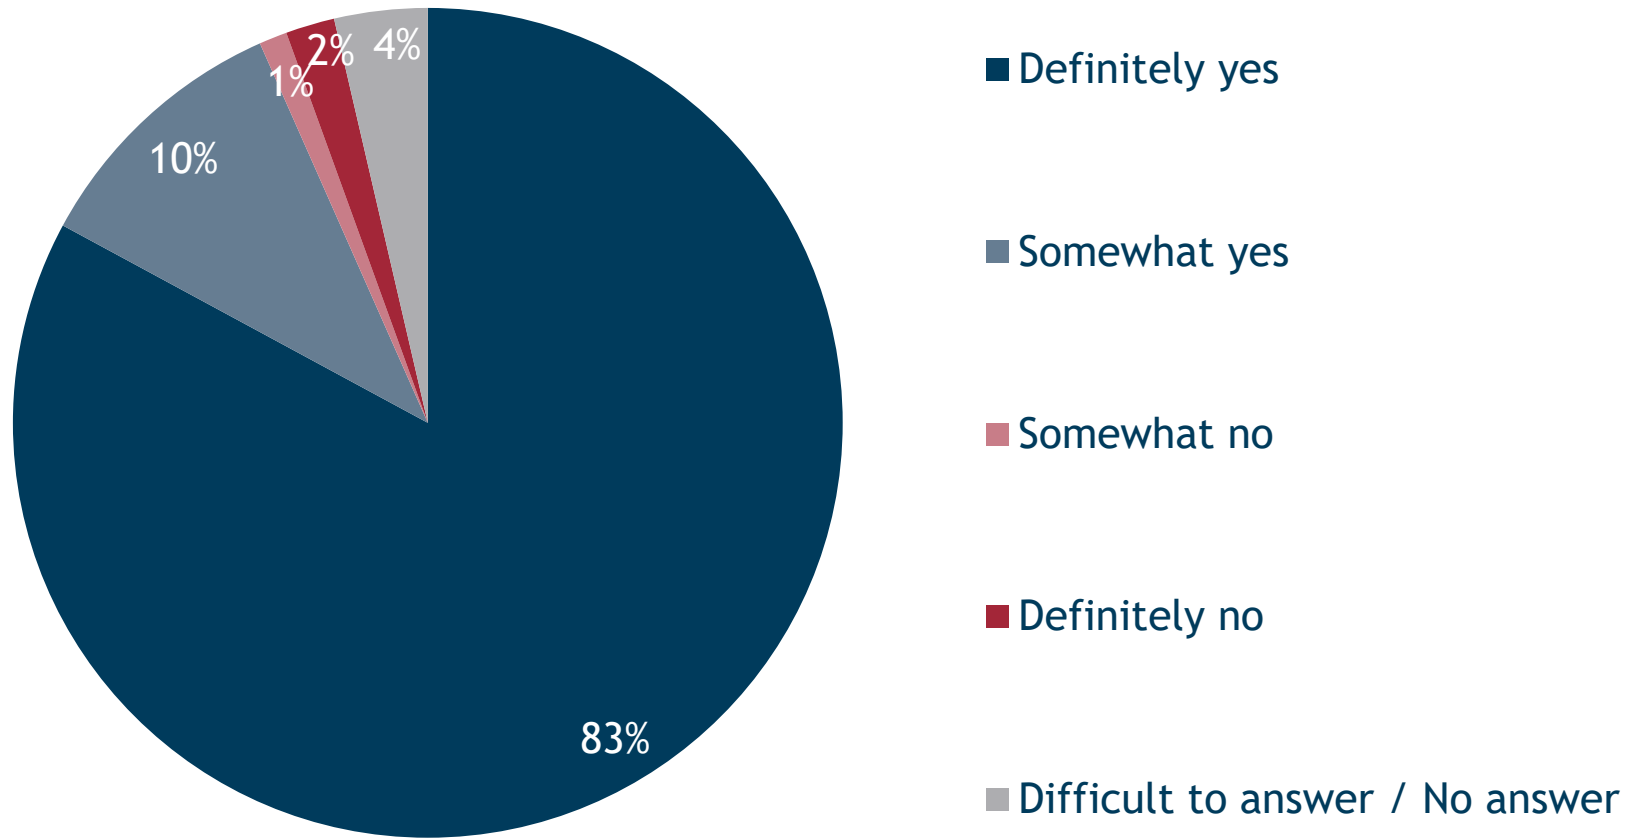

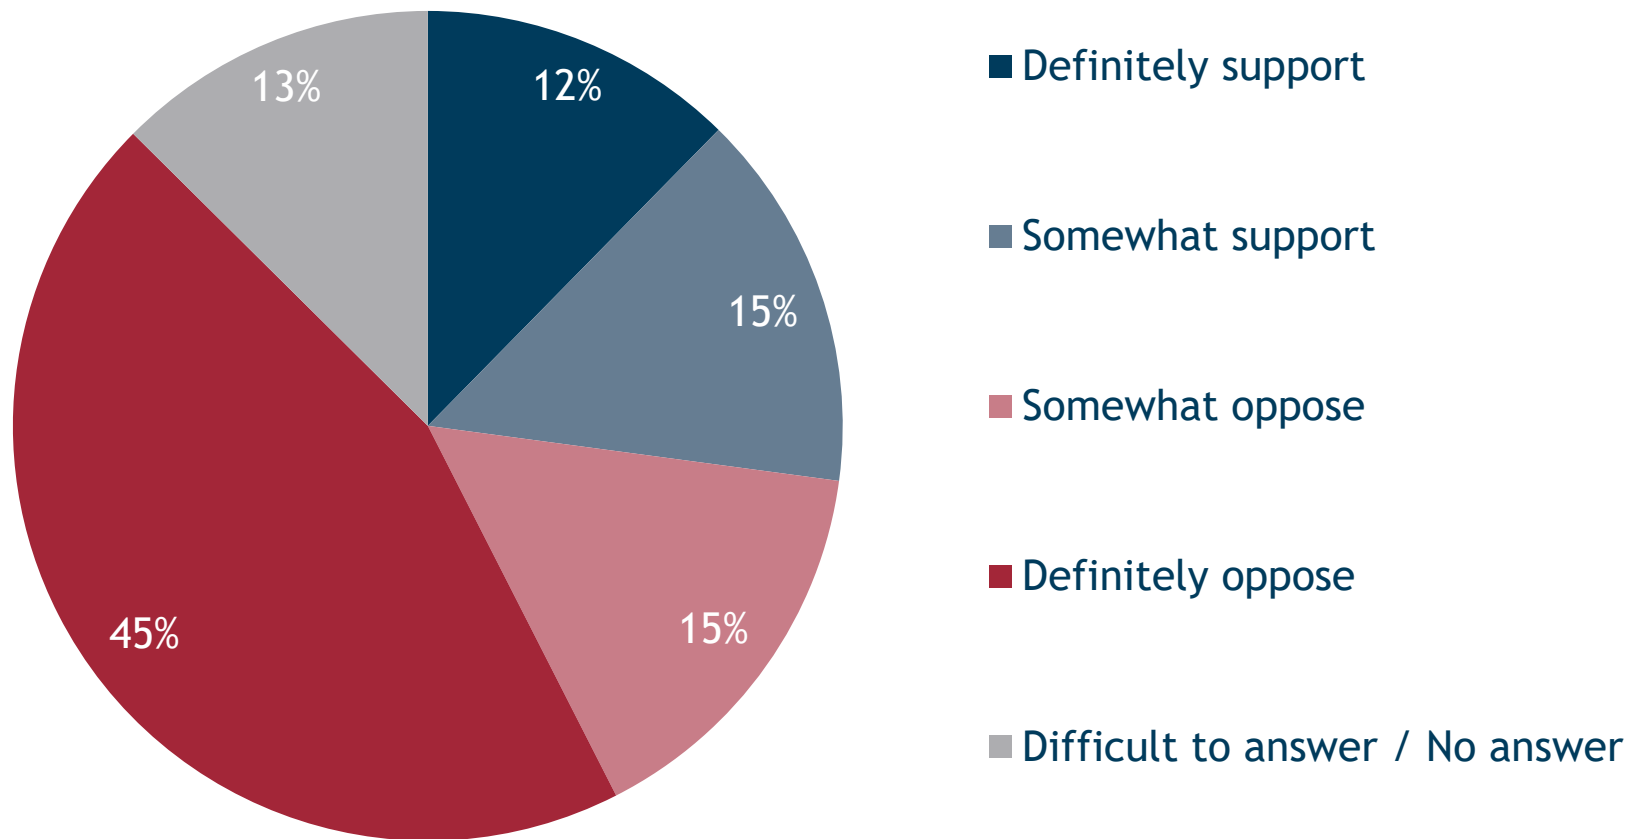

Funding of Political Parties

Should political parties report their funding sources?

Do you support or oppose state financial assistance for parliamentary political parties?

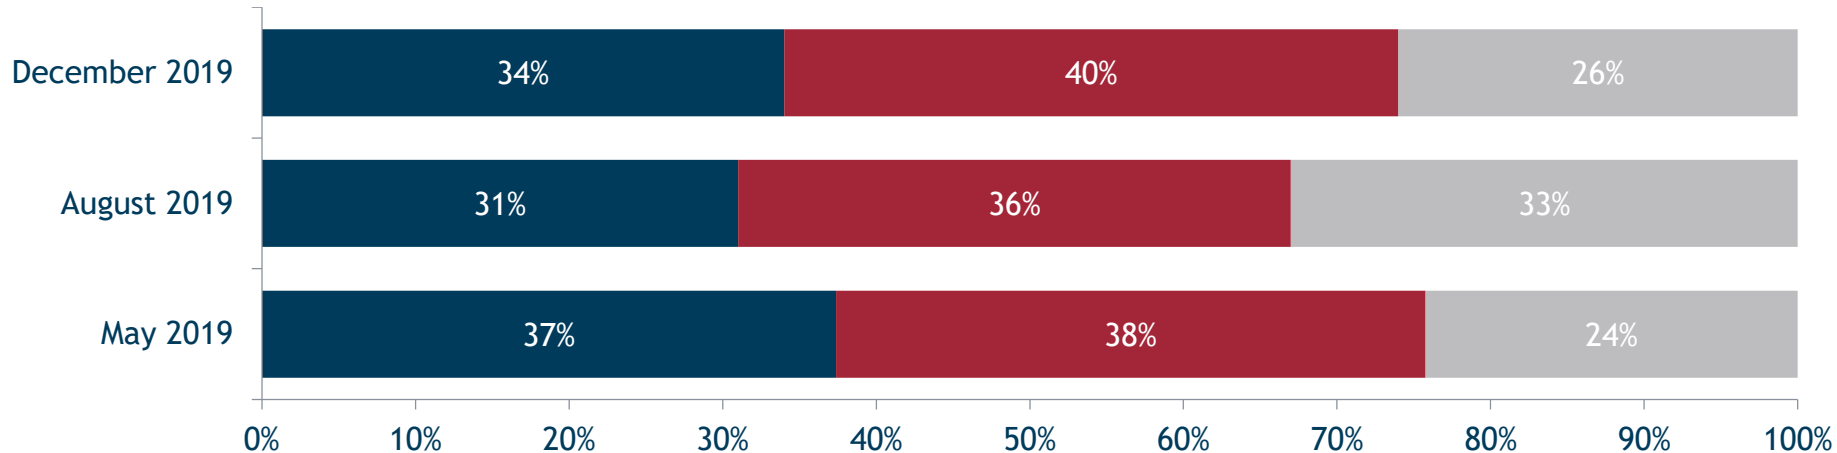

Public Opinion Poll: Residents of Bilhorod-Dnistrovskyi

December 14, 2019-January 8, 2020

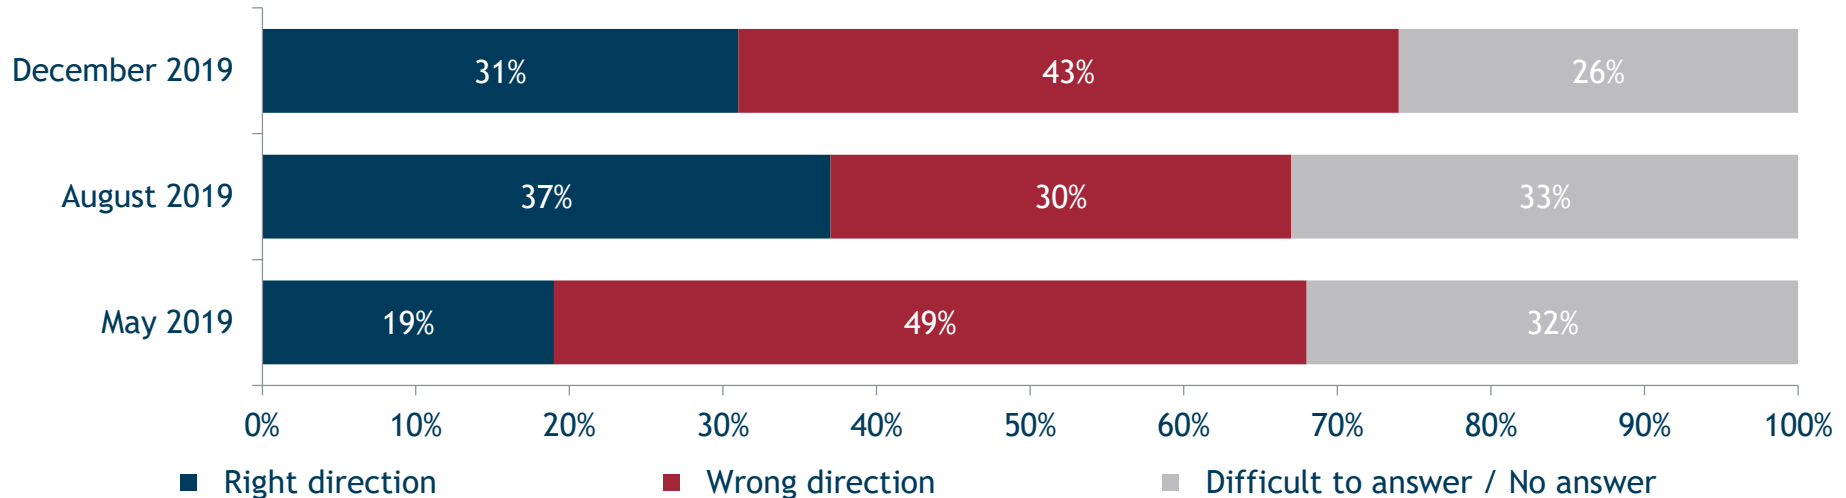

Bilhorod-Dnistrovskyi

In general, would you say that your city is heading in the right direction or in the wrong direction?

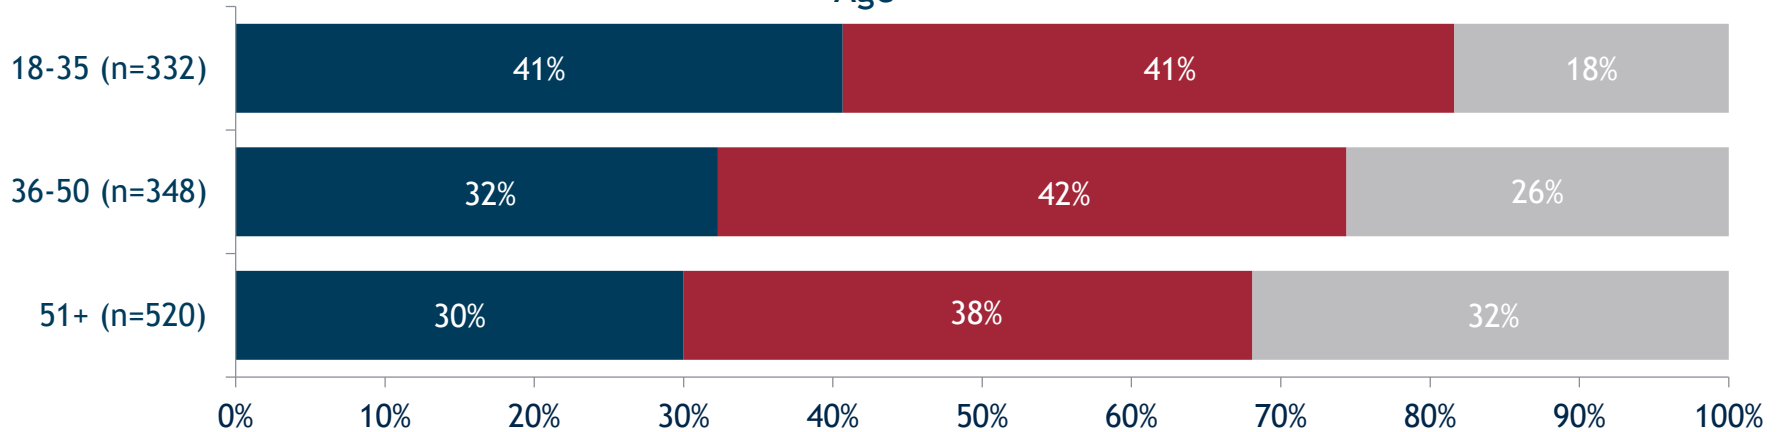

In general, would you say that Ukraine is heading in the right direction or in the wrong direction?

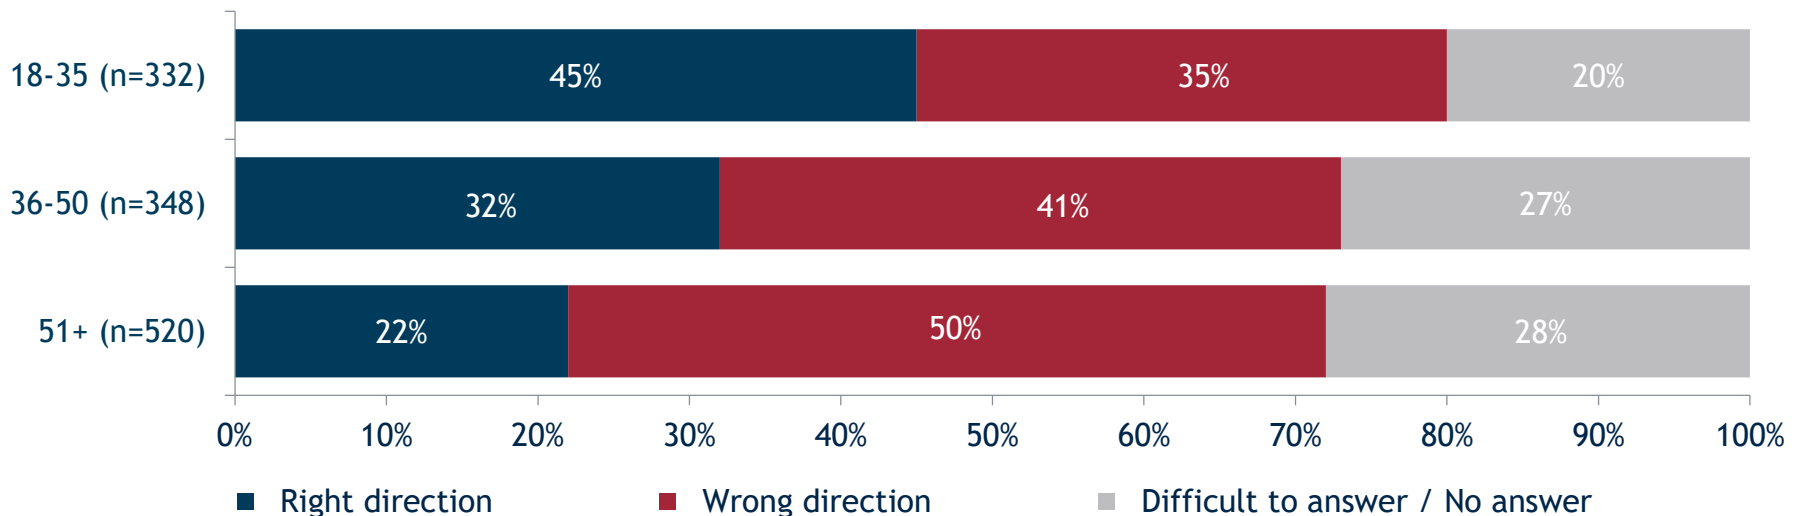

Bilhorod-Dnistrovskyi

In general, would you say that your city is heading in the right direction or in the wrong direction?

Age

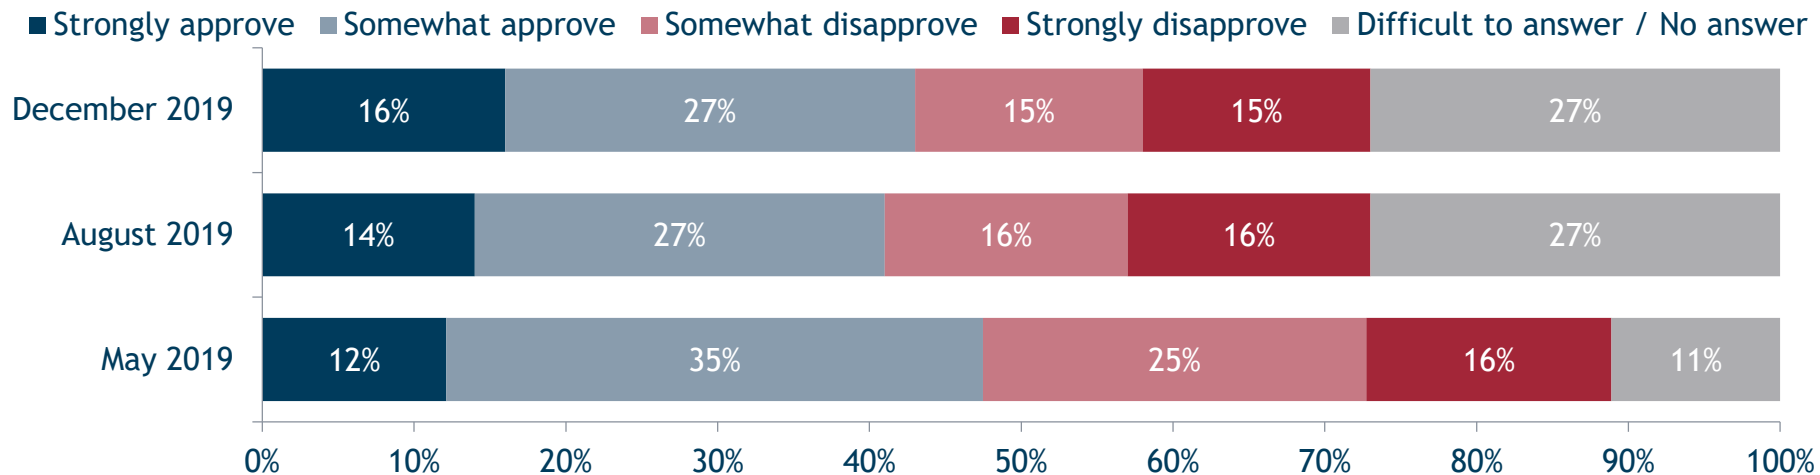

In general, would you say that Ukraine is heading in the right direction or in the wrong direction?

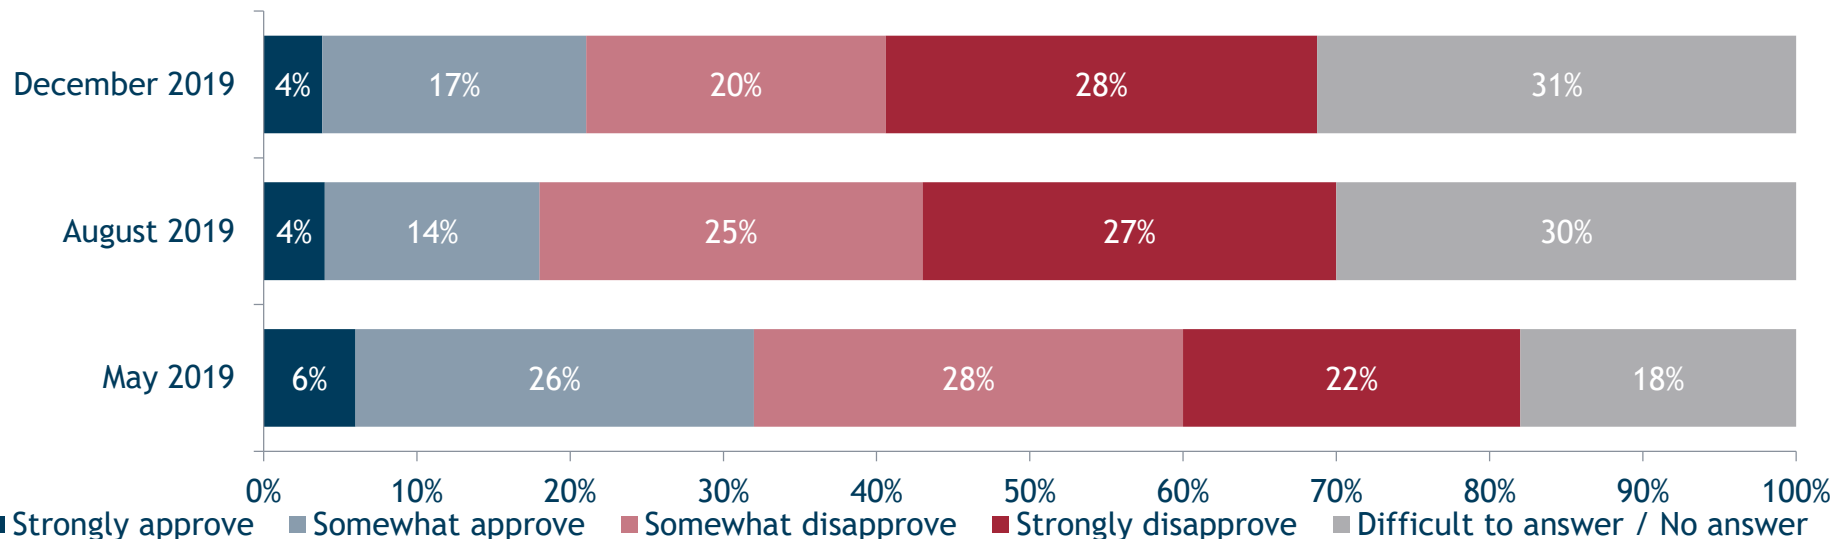

Bilhorod-Dnistrovskyi

Do you approve or disapprove the activities of your city mayor?*

Do you approve or disapprove the activities of your city council?

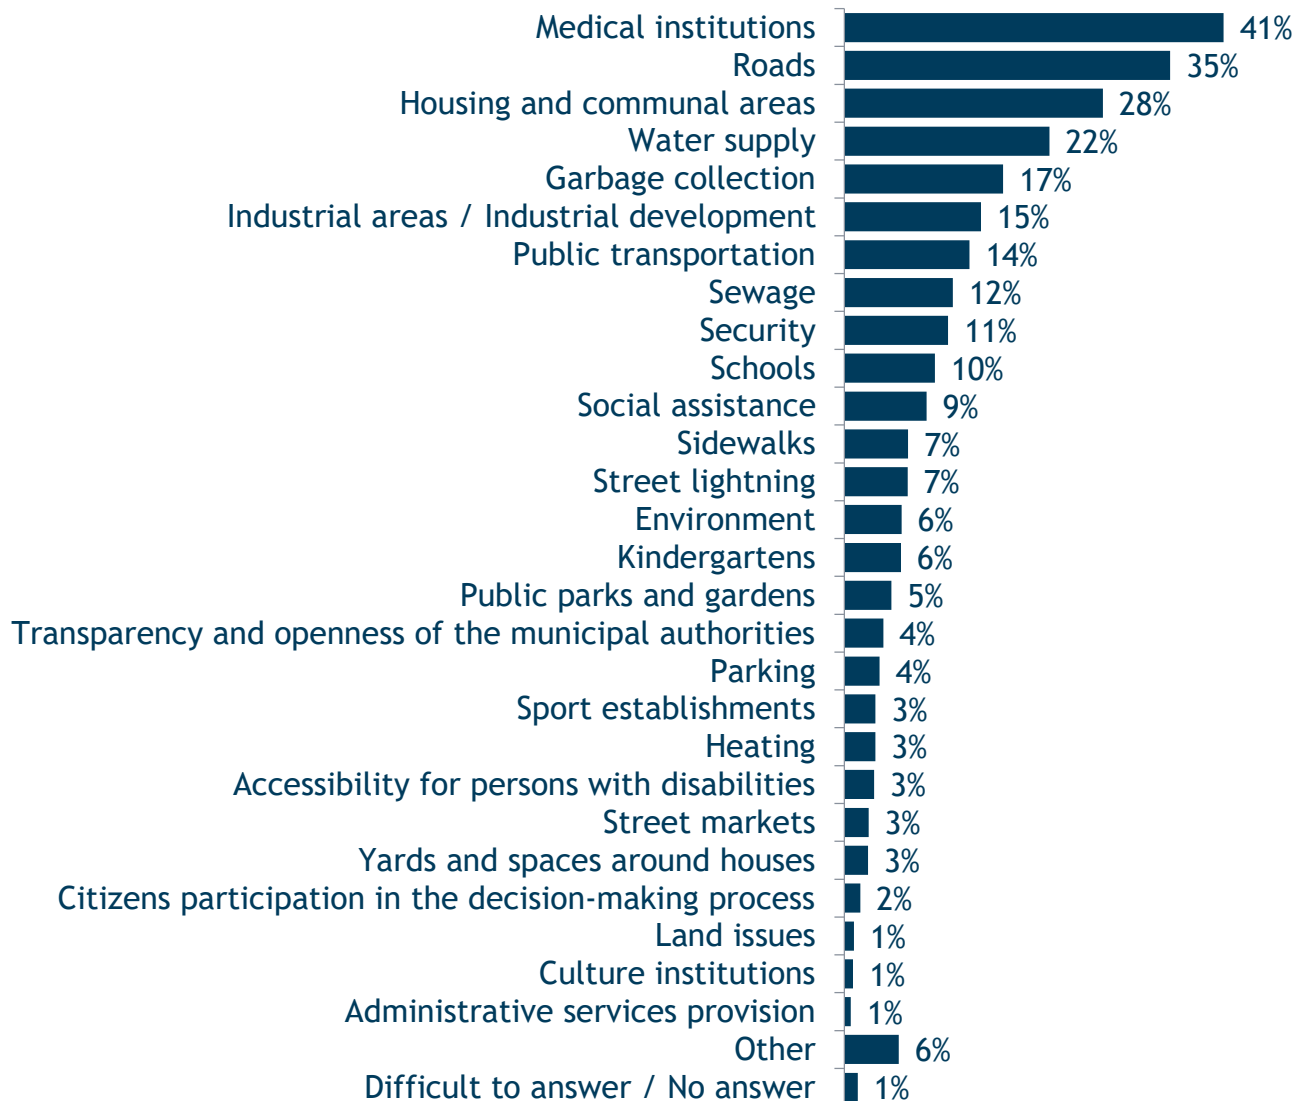

*Note: The poll was conducted after Mayor Alla Ginak resigned from the position of mayor of Bilhorod-Dnistrovskyi on July 25. Secretary of the Municipal Government, Victor Hrozov, became acting mayor on July 25. This power transition increased uncertainty in data interpretation.

Chernihiv

In the past two years, have you had to interact with your city government offices (mayoral office, executive committee, city council, rayon council, rayon administration, communal enterprises)?

Chernihiv

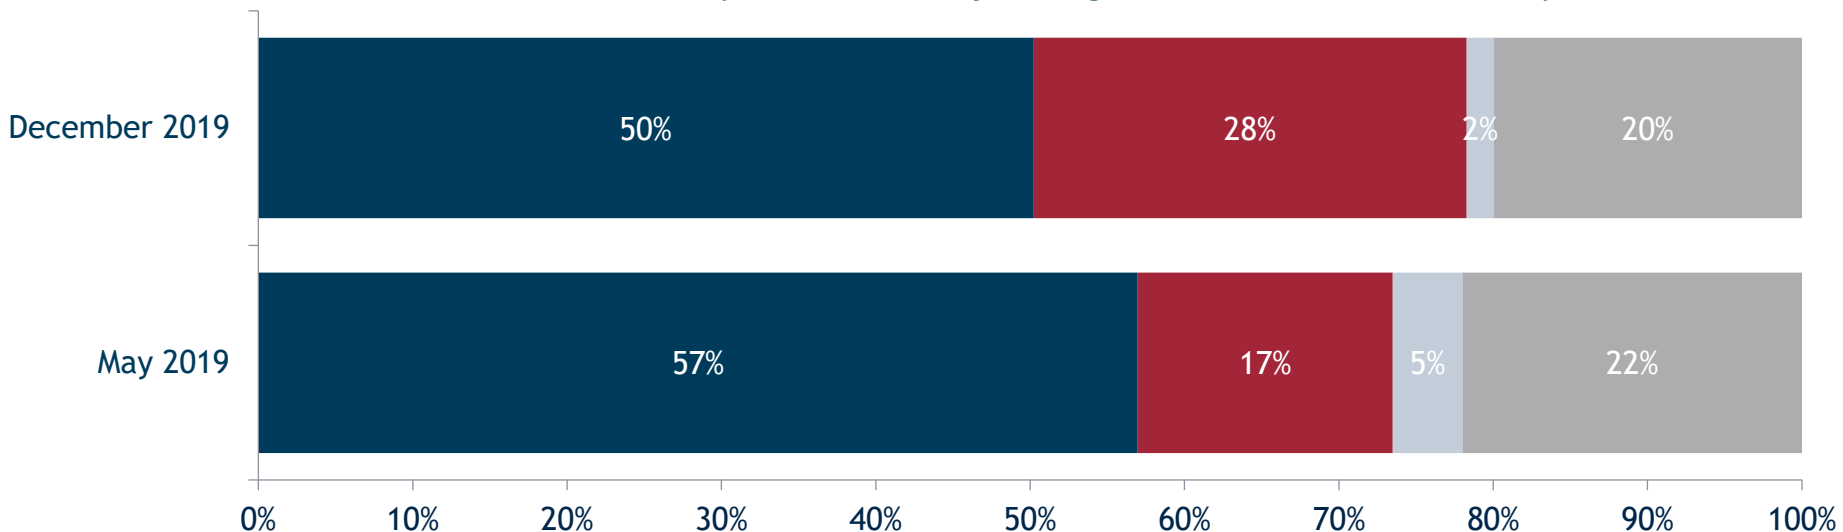

How would you rate the service you received from the local authorities?

(Among those who have interacted with city government offices in the past two years, n=179)

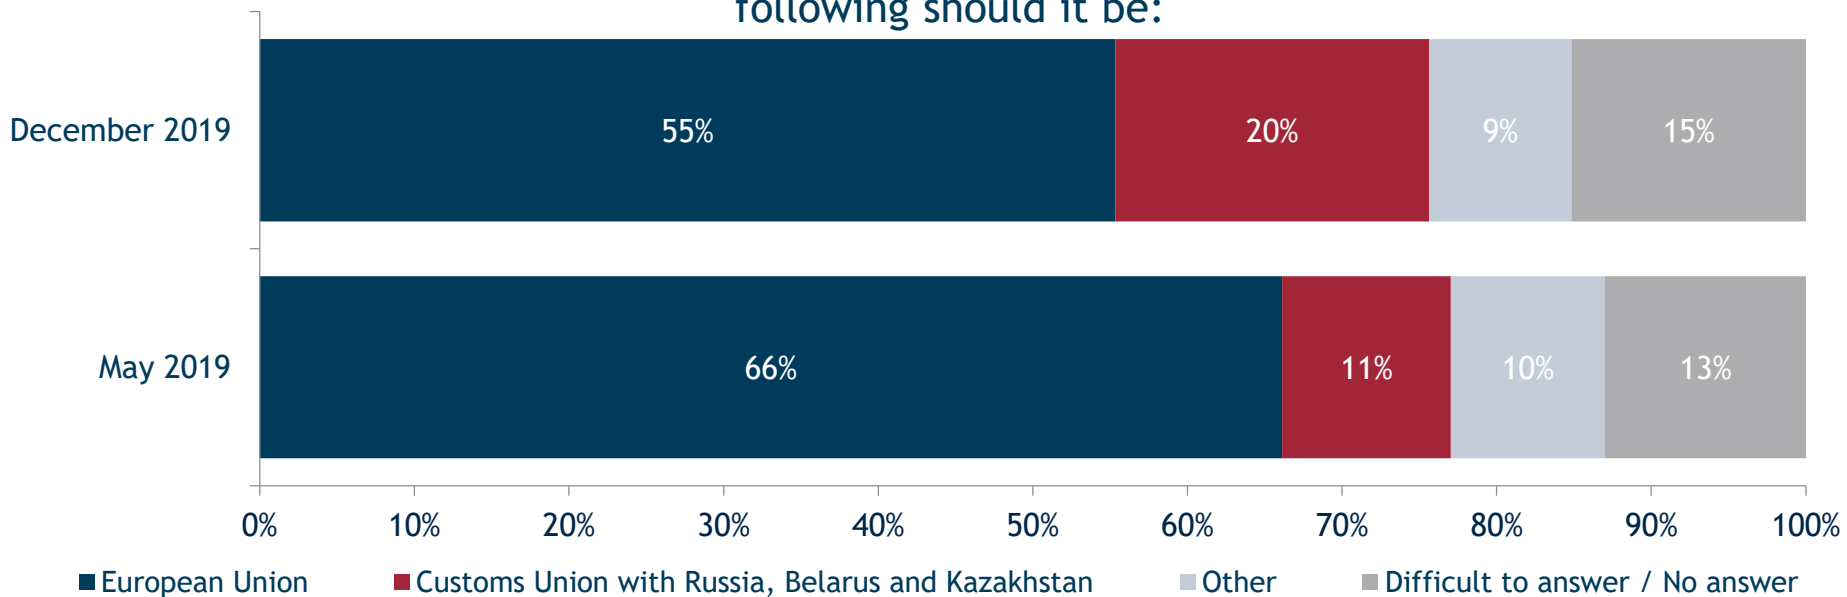

Chernihiv

If a referendum was held today on Ukraine joining the NATO, how would you vote?

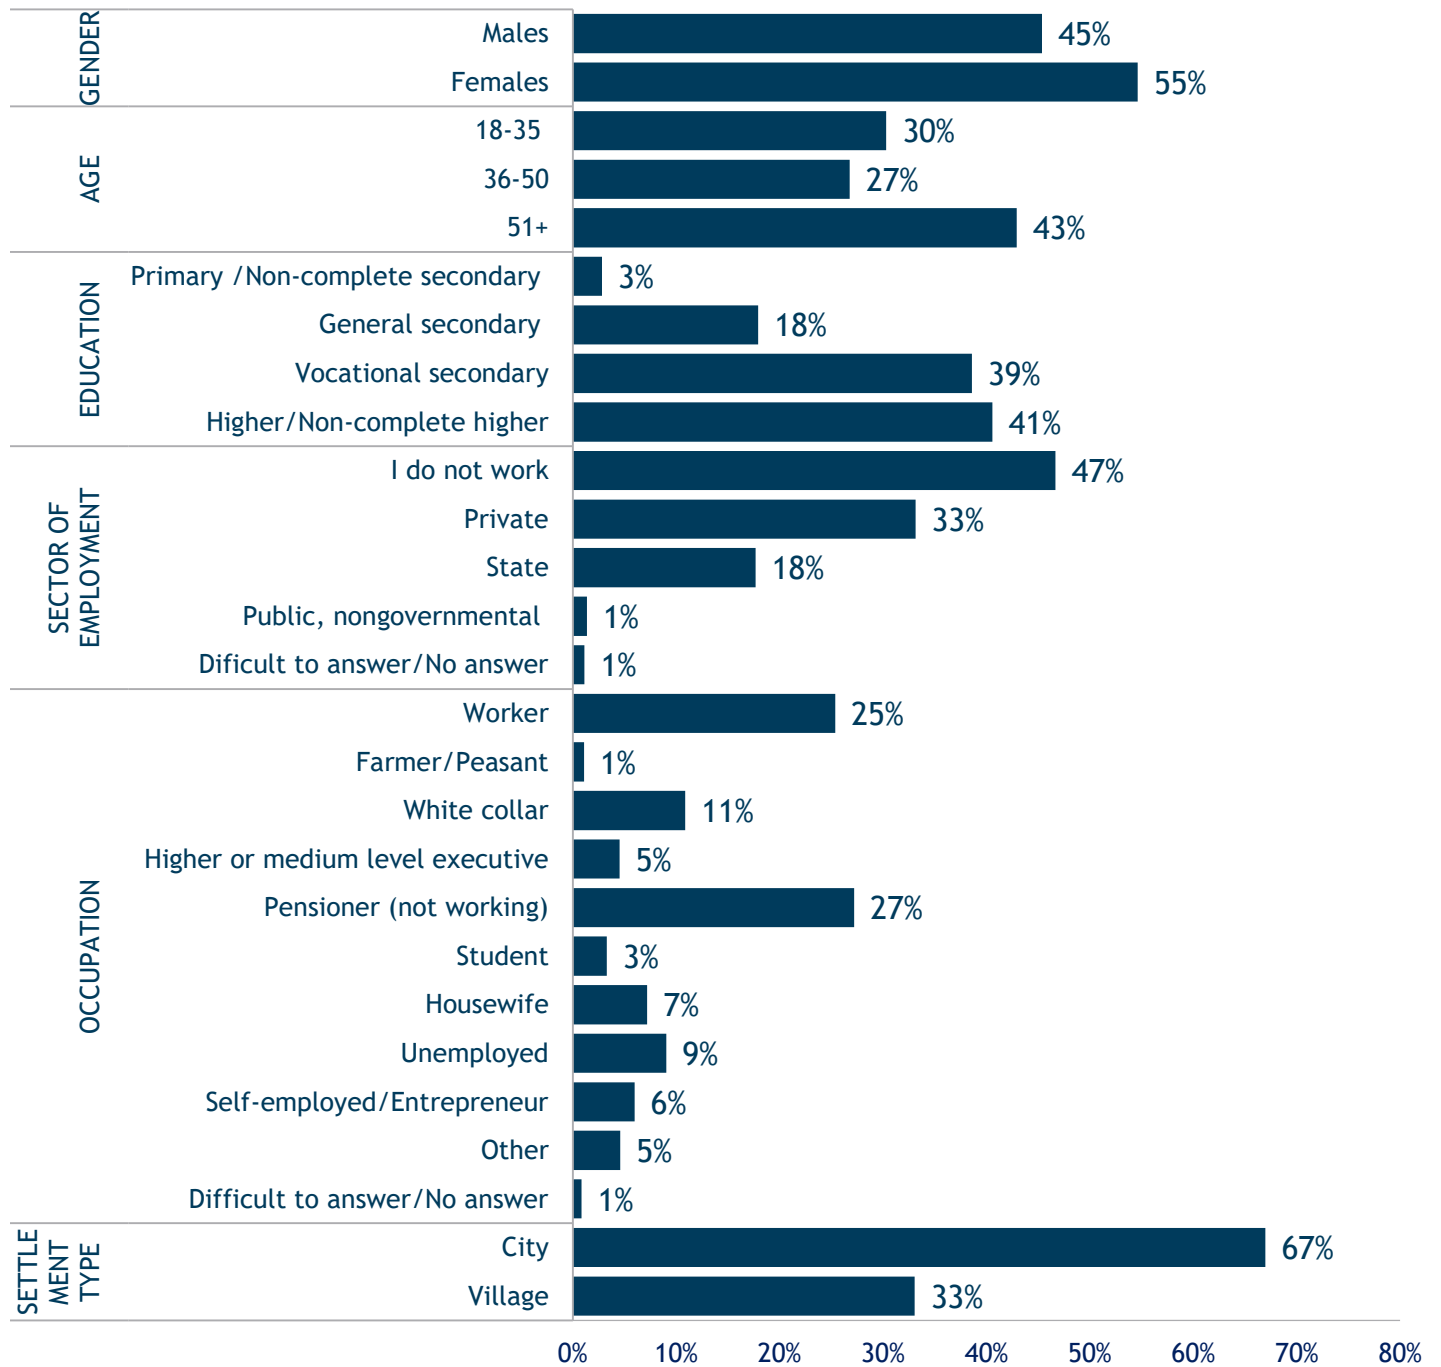

If Ukraine was able to enter only one international economic union, which one of the following should it be:
